Dear Sir/Madam

For the Community by the Community

I'd like to thank the Surrey Advertiser for its article in the 29 July edition (Council vows to organise fireworks 'extravaganza'), reporting on Godalming Town Council's decision to support the fireworks celebrations in Godalming this November. The Town Council has received much positive feedback following this article, with many residents being delighted that this important event for the town will continue.

I should like to add one thing to the report; this event is very much an event for the community by the community and whilst Godalming Town Council is to be the facilitator for this event, our role is very much based in the administration and planning of the occasion. All the administration and planning in the world would be to no avail if we did not have the support of a number of the town's superb community organisations namely, the Godalming Rotary Clubs, the Round Table and the 41 Club, each of whom will be taking on a role in the safe delivery. All these voluntary organisations will all be out in force to make the fireworks evening on 4 November the success we all hope it will be.

Yours faithfully

Louise Goodfellow
Town Clerk
