9 August 2024

I HEREBY SUMMON YOU to attend the **ENVIRONMENT & PLANNING COMMITTEE** Meeting to be held in the Council Chamber, Waverley Borough Council, The Burys, Godalming on THURSDAY, 15 AUGUST 2024 at 6.30pm.

*Andy Jeffery*

Andy Jeffery  
Town Clerk

If you wish to speak at this meeting please contact Godalming Town Council on 01483 523575 or email [office@godalming-tc.gov.uk](mailto:office@godalming-tc.gov.uk)

**Where possible proceedings will be live streamed via the Town Council's YouTube page.** If you wish to watch the council meeting's proceedings, please go to Godalming Town Council's [YouTube](#) page.

Committee Members:	Councillor Kiehl – Chair Councillor Crooks – Vice Chair
Councillor Adam	Councillor Holliday
Councillor Clayton	Councillor Martin
Councillor Crowe	Councillor PMA Rivers
Councillor C Downey	Councillor Steel
Councillor S Downey	Councillor Thomson
Councillor Duce	Councillor Weightman
Councillor Follows	Councillor Williams
Councillor Heagin	

### AGENDA

1. MINUTES

To approve as a correct record the minutes of the meeting of the Committee held on the 25 July 2024, a copy of which has been circulated previously.

2. APOLOGIES FOR ABSENCE

3. DISCLOSABLE PECUNIARY INTERESTS AND OTHER REGISTERABLE INTERESTS

To receive from Members any declarations of interests in relation to any items included on the agenda for this meeting required to be disclosed by the Localism Act 2011 and the Godalming Members' Code of Conduct.

The Comments and observations from the following Waverley Borough Councillors are preliminary ones prior to consideration at Borough Council level and are based on the evidence and representations to the Town Council.

Councillor PMA Rivers

#### 4. PETITIONS/STATEMENTS/QUESTIONS FROM MEMBERS OF THE PUBLIC

The Chair to invite members of the public to make representations, ask or answer questions and give evidence in respect of the business on the agenda or other matters not on the agenda. This forum to be conducted in accordance with Standing Order 5:

- the period of time designated for public participation at a meeting for a maximum of three minutes per person or 15 minutes overall, unless otherwise directed by the Chair of the meeting;
- a question shall not require a response at the meeting nor start a debate on the question. The Chair of the meeting may direct that a written or oral response be given. If a matter raised is one for principal councils or other authorities, the person making representations will be informed of the appropriate contact details.

#### **Question from Mr Chris Cook – resident**

In committee 21 March 2024 the GTC planning Committee summarised their assessment to Planning Application WA/2023/02158 (Oflick) as:

“This application, if approved, would result in significant harm to neighbouring properties and to future occupiers of the properties themselves.”

Between the sitting of the GTC Planning Committee 21 March 2024 and the subsequent sitting 13 June 2024 no material changes to plans against application WA/2023/02158 were submitted (my letter of 31 July 2024 – attached - refers).

Despite no material change to plans between the two sittings, by the second sitting 13 June 2024, the objections appears to have evaporated.

My question to the Godalming Town Council Planning Committee, as per my letter of 31 July 2024 and as reflected in my letters posted to the Waverley Planning Portal on two occasions, 14 June 2024 and 24 June 2024, remains unchanged:

**On the basis of the chronology above I kindly request an explanation of the determination by the GTC Planning Committee 13 June 2024.**

#### 5. QUESTIONS BY MEMBERS

To consider any questions from Councillors in accordance with Standing Order 6.

#### 6. PLANNING APPLICATIONS – CONSULTATION

Members identified the following applications for consideration at this meeting

**WA/2024/01315** – Westbrook Mills, Borough Road, Godalming.

Application under Section 73 to vary condition 1 (approved plans), condition 16 (landscape and tree planting); removal of condition 18 (LEAP) and condition 15 (scheme for internal works to stairwell) of WA/2020/0682 to allow alterations to site plan, revised landscape plan to remove LEAP, scheme fully residential condition 15 not required; rewording of remaining conditions to reflect discharged conditions.

**WA/2024/01470** – Robert Dyas, 21-23 High Street, Godalming GU7 1AU

Application for advertisement consent to display 2 non-illuminated replacement fascia signs and 1 non-illuminated replacement projecting sign.

**WA/2024/01438** –15 Owen Road, Farncombe, Godalming

Erection of 6 dwellings in 2 blocks with associated parking and landscaping following demolition of existing building.

The full schedule of planning applications received from the Local Planning Authority since the last meeting is attached for the information of Members.

7. PLANNING APPLICATIONS – SUBJECTED TO AMENDMENT

There are no planning applications previously considered by this committee for which subsequent amendments have been submitted.

8. GTC CARBON AUDIT 2023/24 – ITEM FOR NOTE

Members to receive the Godalming Town Council (GTC) Carbon Audit Report for the period 1 April 2023 - 31 March 2024 (attached for the information of Members).

Increased activity and heating requirements over 2023/24 saw a noticeable increase in energy requirements compared to the previous year. 2023/24 was also the first year of the cemeteries energy and fuel requirements falling within GTC's carbon footprint calculations. However, GTC's carbon footprint in 2023/24 was still 28% less than its datum year 2018/19. It is expected that a marked and permanent decrease in Source 1 energy use will be achieved once the decarbonisation of Broadwater Youth Centre and the Pepperpot is completed. GTC should also see the benefits that will be gained from the removal of diesel vans used by GTC maintenance staff and from the solar power generated at Broadwater Youth Centre.

9. HERITAGE FEATURES

On 11 July 2024, Members considered documents provided by Waverley Borough Council explaining the different reasons why an Heritage Feature (HF) would be removed from the HF list and agreed to review the Heritage Feature list for Godalming and to provide the Town Clerk with any corrections or notes by 1 August so that a consolidated response can be approved by this committee at its meeting of 15 August before forwarding it to WBC (Min No 116-24 refers).

At the request of Cllr Heagin it was agreed that the Town Clerk would email the list in spreadsheet format, that is searchable by Council wards. It was felt this would assist Members to more easily find HFs located within their wards (list attached for the information of Members). Cllr Follows requested that what3words /// also be added to ease identification of location. The spreadsheet, that was created by work experience pupils from Broadwater School was distributed on Monday, 15 July. Whilst the spreadsheet with ///what3words was created using the grid references provided, it would appear that a number of the grid references are incorrect. Where the office has been informed of potential errors these have been investigated and comment provided so that the master list at WBC can be amended.

Members have been exploring their wards to identify HF's on the list, noting the challenge of incorrect grid references, the majority of HF's have been located, either by correct grid references ///what3words or utilising the physical description. It would appear the reasons identified in the spreadsheet for removal from the HF list are correct and at present Members have identified no HFs whose removal from the HF list should be challenged.

10. COMMUNICATIONS ARISING FROM THIS MEETING

Members to identify which matters (if any), discussed at this meeting, are to be publicised.

11. DATE OF NEXT MEETING

The next meeting of the Environment & Planning Committee is scheduled to take place in the Council Chamber on Thursday, 5 September 2024 at 7.00pm or at the conclusion of the preceding Full Council, whichever is later.

12. ANNOUNCEMENTS

Brought forward by permission of the Chair. Requests to be submitted prior to commencement of the meeting.

Godalming Town Council  
107-109 High Street  
GODALMING  
Surrey  
GU7 1AQ

31 July 2024

Dear

**Planning Application WA/2023/02158 (Oflick)**

1. I wonder if you can help resolve a query I have over planning application WA/2023/02158?
2. At Godalming Town Council's (GTC) Environment & Planning Committee 21 March 2024, the Planning Committee raised a series of profound and weighty objections to Planning Application WA/2023/02158, including a series of conflicts with the Godalming & Farncombe Neighbourhood Plan Policy, in particular clause GOD5:
3. "Overall, GTC maintains its objection to this application. It conflicts with the Godalming & Farncombe Neighbourhood Plan Policy GOD5, particularly the parts that call for:
  - a. Sympathy with the scale mass height and form of neighbouring properties
  - b. Avoidance of the appearance of cramming by reflecting existing plot widths within the street
  - c. Responsiveness to the existing street scene"
4. The GGTC Planning Committee concluded its assessment with the statement:
  - a. "This application, if approved, would result in significant harm to neighbouring properties and to future occupiers of the properties themselves."
5. These weighty and profound objections were released to the Waverley Planning Portal on 26 March 2024.
6. The plan (0802 – SK-01 F) extant immediately prior to the 21 March 2024 session of the GTC Planning Committee is at Enclosure 1.
7. Following the release of these objections, 11 new documents pertaining to WA/2023/02158 were released to the Waverley Planning Portal. These documents are listed at Enclosure 2, with the changes as described by those same documents.
8. The GTC Environment & Planning Committee sat again 13 June 2024 to reconsider planning application WA/2023/02158 based on changes to plans submitted since the 21 March 2024 sitting. On this occasion, Committee Members raised no objections to the submitted amended.
9. The plan (0802 – SK-03 F) extant immediately prior to the 13 June 2024 session of the GTC Planning Committee is at Enclosure 3.
10. The basis of my query is as follows:
  - a. Objection at 3a above has not been addressed in any meaningful way in revised plans submitted between GTC's sitting 21 March 2024 and 13 June 2024: **the scale and mass on the three properties did not change between the two sittings.**

- b. Objection at 3b above has not been addressed in any meaningful way in revised plans submitted between GTC's sitting 21 March 2024 and 13 June 2024: **no change the appearance of cramming within the street at 13 June 2024 and 21 March 2024.**
- c. Objection at 3c above has not been addressed in any meaningful way in revised plans submitted between GTC's sitting 21 March 2024 and 13 June 2024: **lack of responsiveness to the existing street scene at 13 June 2024 and 21 March 2024 are the same.**

11. On this basis (that no material change to plans has taken place between the two sittings), the conclusion arrived at by the GTC Planning Committee 21 March 24 must remain extant:

- a. This application, if approved, would result in significant harm to neighbouring properties and to future occupiers of the properties themselves.

12. Once the 13 June "no objection" determination had been released to the Waverley Planning Portal, 14 June 2024, I submitted a query (at Enclosure 4) seeking confirmation that, on the basis laid out at Paragraph 10 (above), the profound and weighty objections raised by the GTC Planning Committee would be taken forward into deliberations by the Waverley Planning Committee.

13. On 20 June 2024, following my request for re-assurance 13 June 2024, the same statement as that of 14 June 2024 was reposted.

14. Clearly this did not address my question, which I posed a second time 24 June 2024 (Enclosure 5).

15. No response to my second request was received, and Waverley released its approval for plans onto the portal 25 July 2024.

16. On the basis of the chronology above, I kindly request an explanation of the determination by the GTC Planning Committee 13 June 2024.

With thanks

Yours sincerely

Copy to Waverley Planning Committee ([consultation.planning@waverley.gov.uk](mailto:consultation.planning@waverley.gov.uk) and [planningtechnicians@waverley.gov.uk](mailto:planningtechnicians@waverley.gov.uk))

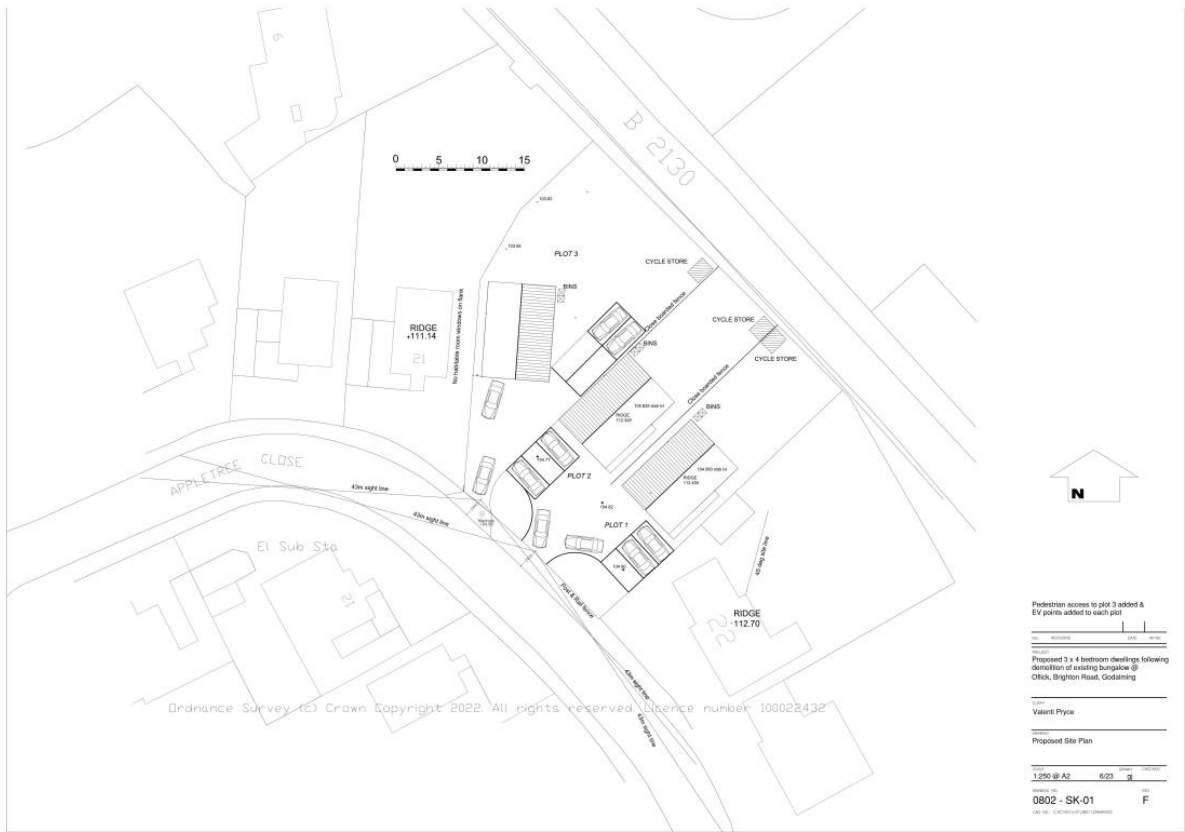

Enclosure 1: Plan 0802 – SK-01 F (extant before the GTC Planning Committee sitting 21 March 2024).

Enclosure 2: Plans submitted after 21 March 2024 and before Planning Committee 13 June 2024.

Enclosure 3: Plan 0802 – SK-03 F (extant before the GTC Planning Committee sitting 13 June 2024).

Enclosure 4: First query on GTC Planning Committee judgement 13 June 2024.

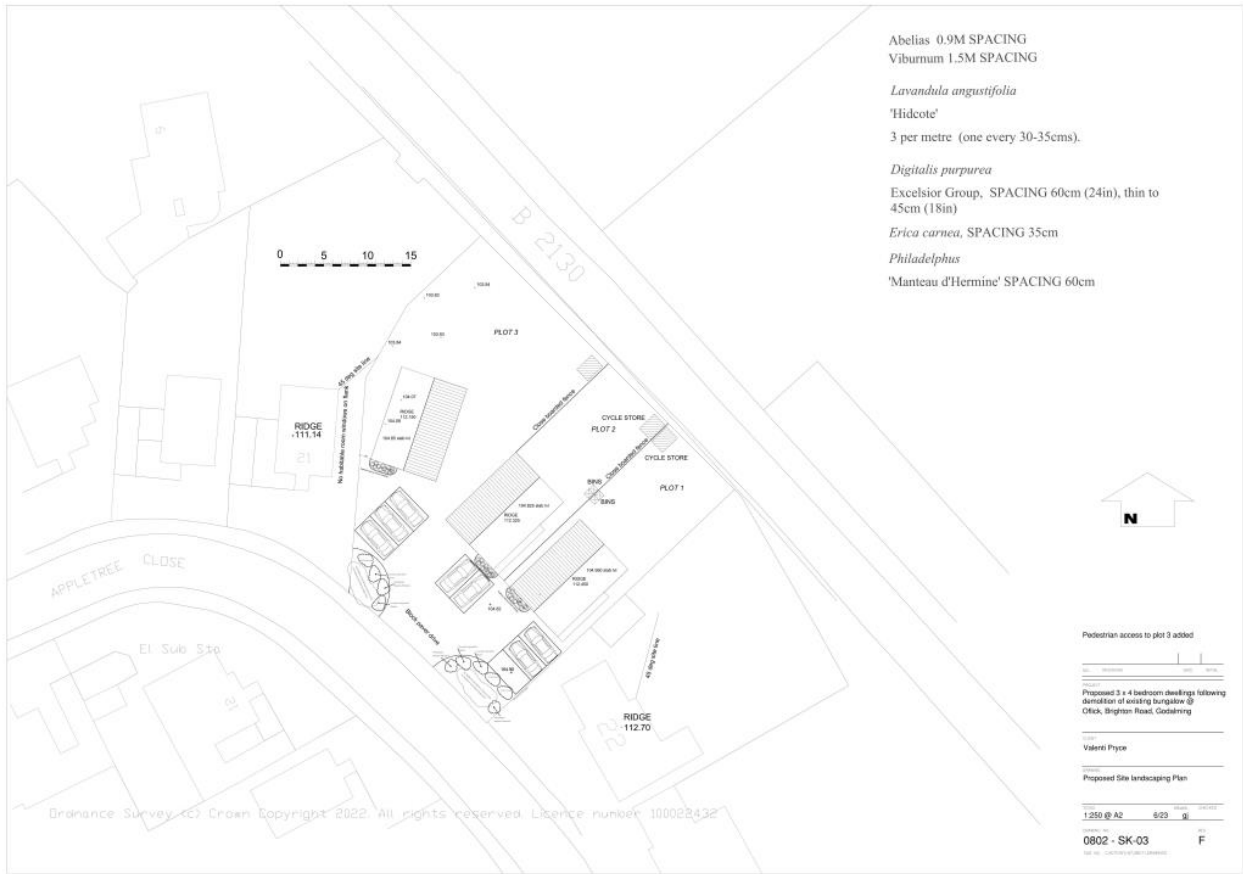

Enclosure 5: Second query on GTC Planning Committee judgement 13 June 2024.

Amendments after objection by GTC 26 Mar 24:

<b>Date</b>	<b>Ref</b>	<b>Detail</b>
20-May-24	SK-01G	Pedestrian access to Plot 3 added & EV points added to each plot
20-May-24	SK-02D	Pedestrian access to Plot 3 added

Christopher Cook

11 Appletree Close, Godalming GU7 1TY

Dear Head of Service – Planning Development

I would like to request clarification of the recent comments from Godalming Town Council, submitted to the planning portal 14 June 24, in particular the statement:

“Committee Members raised no objections to the submitted amended plans.”

The clarification sought relates to previous comments from the Town Council, uploaded to the planning portal 26 March 24, and in particular the statement:

“Overall, therefore, GTC maintains its objection to this application. It conflicts with the Godalming & Farncombe Neighbourhood Plan Policy GOD5, particularly the parts that call for: • Sympathy with the scale mass height and form of neighbouring properties • Avoidance of the appearance of cramming by reflecting existing plot widths within the street • Responsiveness to the existing street scene This application, if approved, would result in significant harm to neighbouring properties and to future occupiers of the properties themselves.”

As none of the plans re-issued since 26 March 24 address the concerns of the Town Council, namely:

- Conflict with the Godalming & Farncombe Neighbourhood Plan Policy GOD5.
- Conflict with the requirement for sympathy with the scale mass height and form of neighbouring properties.
- Conflict with the requirement to avoid the appearance of cramming by reflecting existing plot widths within the street.
- Conflict with the requirement for responsiveness to the existing street scene.

Also noting the Town Council’s conclusion, that: “This application, if approved, would result in significant harm to neighbouring properties and to future occupiers of the properties themselves”, my clarification is:

- To seek re-assurance that the statements above will be carried forward into future considerations by the Waverley Planning Committee.

Many thanks

Mr Cook

Christopher Cook

11 Appletree Close, Godalming

Dear Head of Service Planning Department

I note the submission to the Waverley planning portal from Godalming Town Council raised today, 20 June 24.

Given the multiple objections raised by Godalming Town Council uploaded to the planning portal 26 March 24, and on the basis that none of these objections have been addressed in any subsequent revised plans, I request confirmation of the status of these objections.

On the basis that the objections of 26 March 24 represented the considered position of Godalming Town Council when submitted, and as no plans since submitted have addressed these concerns, confirmation that these objections still apply would be gratefully received.

As someone not intimately familiar with planning process, I may have misinterpreted today's response from Godalming Town Council, but in any case, a statement from the Town Council that their valid concerns raised 26 Mar 24, none of which have since been addressed, would provide much needed re-assurance to Appletree Close residents that those objections carefully considered in committee do in fact still apply.

With thanks

Chris Cook  
11 Appletree Close, Godalming

Energy use in kWh has been converted to KgCO<sub>2</sub>e by utilising the Carbon Trust Carbon Footprint Calculator designed for UK-based SMEs and follows the Green House Gas (GHG) Protocol Guidance. The Carbon Trust's Carbon Footprint Calculator is not a complete evaluation of an organisational footprint. It only includes selected emission sources, common to the majority of SMEs using an operational control approach.

## Summary

Increased activity and heating requirements over 2023/24 saw a noticeable increase in energy requirements compared to the previous year. 2023/24 was also the first year of the cemeteries energy and fuel requirements falling within GTC's carbon footprint calculations. However, GTC's carbon footprint in 2023/24 was still 28% less than its datum year 2018/19. It is expected that a marked and permanent decrease in Source 1 energy use will be achieved once the decarbonisation of Broadwater Youth Centre and the Pepperpot is completed. GTC should also see the benefits that will be gained from the removal of diesel vans used by GTC maintenance staff and from the solar power generated at Broadwater Youth Centre.

Broadwater Youth Centre continues to thrive, and is used daily throughout the year at an intensity not seen since the centre opened in the early 90's. However, despite a much greater usage, including multiple computer systems, music studio, gaming consoles and greater use of the kitchen and cooking facilities, the changes made over the last few years to control systems, updating to PIR sensors and LED lighting has seen an overall reduction in energy use of nearly 8,500kwh since 2018/19. Broadwater also now benefits from self-generated electricity provided by the solar panels installed at the end of December 2023.

Since the solar panels were installed at the Youth Centre, up to 31 July 2024, a total of 4,140 kwh of energy has been generated and used by the centre. During the 7-month period 1 Jan – 31 Jul 2024 just 1,340 kwh of energy has been imported from the national grid, compared with 4,844 for the same period in 2023. The first full year of self-generation (April-March) will be reported following the end of the current financial year.

The recent approval for upgrading the incoming electricity supply at Broadwater Youth Centre to a 3-phase supply to enable the installation of air source heat pumps will, once complete, mean that Broadwater will join 107-109 High Street, the Farncombe and Crown Court Public Toilets and Eashing Cemetery, as council buildings with carbon neutral energy requirements. The exchanging out of the gas combi to electric at the Pepperpot will also see that building becoming carbon neutral for energy. Broadwater and the Pepperpot accounted for 46% of GTC's Source 1 emissions in 2023/24.

Once the decarbonisation work is completed at Broadwater and the Pepperpot, the Wilfrid Noyce Centre will be the only directly managed GTC building with Scope 1 emissions. The WNC has seen regular user occupancy return to pre-covid levels and although the mild autumn of 2022/23 saw a reduction in the heating requirement, the colder autumn and winter 2023/24 saw demand increase, although the improved control system kept the demand below the 2001/22 level.

The highest proportional increase to GTC's carbon footprint was an increased use of diesel. This is in part due to the counting of the former Joint Burial Committee usage into GTC usage, the delay in transition to all electric vehicles by the maintenance team, and the addition of the Youth Activity Vehicle and Minibus, although it should be noted that Youth Vehicles only accounted for 785KgCO<sub>2</sub>e or 16% of the increase. The aim had been that, with the exception of the tractor, the GTC maintenance team's vehicles would be all electric by the end of 2023. Unfortunately, due to supply chain issues, this goal was not achieved until 5 August 2024. With the delivery of the electric tipper vehicle, GTC maintenance team's vehicles are now all electric powered.

2	SU965437	51.184583, -0.619642	Natural Landmarks	Part of the MILLPOND for Hatch Mill remains; full of bulrushes and becoming drained at its southern end, but the northern part of the pond has been filled in and surfaced as a car park for the industrial buildings adjacent to the mill, so that the River Ock now flows to east of the pond and over the sluice at the converted mill buildings.	None	Unable to protect	Central & Ockford	///smiled.corn.impact	
3	SU979437	51.184993, -0.599715	Natural Landmarks	To the south of industrial buildings at Woodside Park Estate, Catteshall Lane, is an old landscaped FISHPOND shown on the 1874 OS Map and probably older. It is in the wooded valley called Scizdons a name derived from sytgesdon (14th century) or Syttesden and therefore an old estate. It now has a 20th century brick and concrete dam at the northern end and appears to have been turned into a reservoir, possible for the laundry which used to occupy the buildings to its north - an old wicker laundry basket lying in the southern bank lends support to this theory. (See Industrial Archaeology No 19). There is a derelict footpath round it and remains of a carriage drive above the eastern side which probably came from Langham House (now the industrial site).	None	Unable to protect	Central & Ockford	///guards.fork.cats	
4	SU983448	51.193951, -0.594306	Natural Landmarks	A small POND beside the River Wey canal shown on the OS map is not old (not shown on the 1919 OS map) - it is fed by a gap in the canal bank and appears to have been made as a private entry for boats, although there is no sign of a boat house or other building.	None	Unable to protect	Farncombe & Catteshall	///priced.cages.garden	
6	SU962426	51.175074, -0.624536	Natural Landmarks	A deep WELL with sandstone linings in front of Ashstead Farm House, Ashstead Lane. It has a modern brick top added with a tiled roof. Another well shaft is covered by a slab in front of the gate. The owner thinks that both shafts enter the same chamber at water level. The house is dated 1732 and the latter shaft may be the original well, the other being dug when the footpath was laid from the gate to the house. The adjacent farm is now Ladywell Farm, belonging to the convent, but was the original Ashstead Farm. It has a dated stone barn.	None	No longer appears to exist	Holloway	///pixies.demanding.undivided

10	SU968422	51.170899, - 0.615787	Industrial Archaeology	A good example of a DOGGER of Bargate Stone (see Industrial Archaeology No 9) can be seen in an old stone pit on the north side of the public footpath north of the Ladywell Pond, Tuesley Lane. The bargate stone here was also excavated in the Minster Field, south of the saxon church site - these excavations have been filled in however and are now under a cultivated field.	Registered Park and Garden	Archaeology, already in HER	Holloway	///tune.losses.plus	
11	SU960425	51.174488, - 0.627398	Industrial Archaeology	Extensive QUARRIES FOR BARGATE STONE were worked in the early 20th century up to 1939 east of the railway line, east of Portsmouth Road between Ockford and the parish boundary. They are now completely disused and full of young trees. They were used for road stone rather than building stone.	None	Archaeology, already in HER	Holloway	///bubbles.ribcage.ordeals	
12	SU960427	51.174488, - 0.627398	Industrial Archaeology	Near the level crossing on the main Portsmouth railway line there were sidings to serve the stone quarries running north-north-east, marked BUSBRIDGE SIDINGS on the 1913 Ordnance Survey revision. The beds of the tracks are visible but all lines have been removed. Remains of loading bays and brick and concrete walls of stone bunkers and buildings are visible.	None	Archaeology, already in HER	Holloway	///screeches.spoil.bump	
13	SU966441	51.189000, - 0.617847	Industrial Archaeology	Westbrook Mill was Pullmans leather mill in the 19th century but it was burnt down in 1914 and work continued on a reduced scale to 1939. The site is now developed with the modern building of Kennedy and Donkin, an engineering company. The site is historically noted for being THE SITE OF THE FIRST GENERATOR TO PROVIDE ELECTRIC STREET LIGHTING, in 1881.	AHAP	Protected by equivalent designation	Central & Ockford	///leave.offer.strong	

14	SU965442	51.189309, - 0.619482	Industrial Archaeology	The generator was driven by a water wheel but later by a steam engine, later removed to near the Pepper Box. However, street lighting reverted to gas in 1884, but in 1903 a turbine was installed to provide electric lighting for the mill. The site of this turbine is visible below the bridge over the weir. Electricity for the town was not reinstated until 1910. The site of the original water-wheel driven generator was on a side channel of the River Wey, probably at the sluice at SU 965 442.	AHAP	Protected by equivalent designation	Charterhouse	///bottled.cage.split	
15	SU966441	51.188509, - 0.618078	Industrial Archaeology	The water turbine removed from Catteshall Mill is stored at present in the southern corner of the Westbrook Mill grounds, near Westbrook Road and the railway embankment. It is probably the only turbine to be scheduled as an ancient monument and has been restored by the Godalming Turbine Trust and the Surrey Industrial History Group. It was made by MacAdam of Belfast in c1870 to replace the water-wheels at Catteshall Mill.	None	No longer exists	Central & Ockford	///leave.offer.strong	
16	SU953451	51.197415, - 0.636425	Industrial Archaeology	A disused BARGATE STONE QUARRY lies at the north-west corner of the private golf course in Charterhouse grounds. It provides a good illustration of the occurrence of bargate stone in massive chunks sticking out of the softer sands. This quarry, along with others on the Hurtmore side of the boundary, would have been worked for stone for Charterhouse buildings.	None	Archaeology, already in HER	Charterhouse	///approach.resolves.nodded	
18	SU975437	51.184832, - 0.605285	Industrial Archaeology	A disused BARGATE STONE QUARRY now full of trees and undergrowth, stands on the south side of Catteshall Lane on the bend. The line of a sunken track into the quarry is visible at the north-east corner. The remains of a bargate stone building, probably a house, are visible in the north-west corner with disused gate and steps from the road. The site was used as a rifle range about the time of the First World War, and there was also a covered reservoir here, which may still survive.	None	Archaeology, already in HER	Central & Ockford	///hill.orchestra.grant	
19	SU980438	51.185843, - 0.598977	Industrial Archaeology	A 20th century brick RESERVOIR with a sloping corrugated iron roof is built into the hillside beside the old drive in the scizdons woodland to east of the former laundry buildings. It is about 45ft long by 22½ft wide and 10-12ft deep. It is now empty and pipes appear to lead towards the former laundry buildings and the area north of the pond. (See Natural Landmarks No 3). It would appear that water was pumped up from the pond below, but no remains of a pump-house are visible, and the reservoir probably belonged to the laundry.	None	Unable to protect	Bramley and Wonersh	///invent.fruit.light	
21	SU984411	51.188539, - 0.593121	Industrial Archaeology	Near the fork of the road to Catteshall Manor, on the west side 12m from the corner of Catteshall Lane opposite the Ram Cider House is a triangular aperture with a stone lintel in the bargate stone wall. This is the site of an old SPRING WELL shown on the 1874 OS map, now dry and filled up - it needs excavation to reveal the well. It could have been the well for the nearby cottages.	None	Archaeology, already in HER	Bramley and Wonersh	///thatched.annual.nudge	
22	SU982443	51.189798, - 0.596130	Industrial Archaeology	A large SLUICE GATE with five paddles, installed in c1870 to control the water flow to the water turbine at Catteshall Mill stands near Catteshall Grange on the west side of Catteshall Road. It is now decaying but all the iron gearing is visible.	Conservation Area, AHAP	Protected by equivalent designation	Farncombe & Catteshall	///shout.boots.ahead	
24	SU978429	51.177043, - 0.601431	Historic Structures	St Johns Church, Busbridge, has an unusual CHANCEL SCREEN of iron and bronze designed by Lutyens and made by J Starkie Gardener in 1899. It is supported from the chancel arch rather than rising from the floor as is more normal. At the centre is a figure of Christ crucified.	Listed Building, Conservation Area	Protected by higher designation	Holloway	///piles.couple.burns	

25	SU978429	51.177155, - 0.601791	Historic Structures	At the north-west corner of Busbridge church is a STAINED GLASS WINDOW depicting a pilgrim drinking from a spring well - this is an imaginative representation of the Lady Well at Tuesley, (see Busbridge Report 8). Above him is shown a small church, meant to be the saxon church of Tuesley (see Busbridge No 13). The panel is annotated "Parish Church Tuesley 10th C".	Listed Building, Conservation Area	Protected by higher designation	Holloway	///piles.couple.burns	
26	SU978429	51.176984, - 0.601905	Historic Structures	The entrance to Busbridge Churchyard from Hambledon Road has an IRON OVERTHROW with an old LAMP at the centre. The church was built in 1865-7.	Listed Building, Conservation Area	Protected by higher designation	Holloway	///piles.couple.burns	
27	SU978429	51.177520, - 0.602141	Historic Structures	A WAR MEMORIAL in the form of a thin plain cross with short arms stands at the north corner of Busbridge Churchyard facing down Brighton Road. The base is unusual in being undercut with concave profiles. It was designed by Lutyens and carries a text - this text is very worn and needs re-cutting.	Listed Building, Conservation Area	Protected by higher designation	Holloway	///piles.couple.burns	
29	SU979426	51.174562, - 0.600156	Historic Structures	A modern wooden GUIDEPOST with cedar wood preservative and two wooden arms stands on Home Farm Road at the junction with Hambledon Road. The arms read: (i) Bramley, Hascombe, Cranleigh (ii) Hospitals (pointing towards Hambledon) The second arm should be re-labelled Hambledon as Hydestile Hospital is now closed. 40	SU978429	51.177090, - 0.601229	Historic Structures	Adjacent to the Jekyll Vault in Busbridge Churchyard is an unusual GRAVE MARKER like a headstone but of wood. It has Royal Flying Corps wings surmounted by a caorwn carved out of the wood, and the motto "Per Ardua and Astra" (later adopted by the RAF). The lettering on the board is: "Francis Walter Stafford McLaren, MP 2nd LT RFC, dies in the service of his country 30th August 1917 at Montrose, 31 years old." The reverse side (facing the church) has an interesting quotation: "If I take the wings of the morning and remain in the uttermost parts of the sea; even there also shall they hand lead me, and thy right hand shall hold me".	Listed Building (curtilage), Conservation Area	No longer exists in original form	Holloway	///piles.couple.burns	
44	SU967439	51.186822, - 0.616921	Historic Structures	A good example of iron water STOP VALVE MARKER is against the wall of The Vicarage at the tope of Westbrook Road. It is marked S17 (some similar markers, e.g. at the tope of Station Road, are marked SU - the difference between S and SU is not known.	Listed Building (adjacent)	Unable to protect	Central & Ockford	///ozone.pages.worry	
46	SU968440	51.187780, - 0.616173	Historic Structures	The PHILLIPS MEMORIAL CLOISTER, Borough Road, is a square brick cloister with wooden pillars supporting a tiled roofed walk which originally extended round three sides, the south side has been converted to an open pergola to deter vandals. It is paved with setts and in the centre is an octagonal flower bed which is originally a pool with a fountain which became vandalised. It was designed by Hugh Thackeray Turner in 1913 and gardens to its east and south were laid out by Gertrude Jekyll, but only trees now remain. It was built in memory of John George (Jack) Phillips of Farncombe the chief wireless operator of the SS Titanic who went down with the ship in 1912. A stone memorial tablet on the east wall, bearing the Arms of Godalming, is inscribed: "Libera Deinde Fidelis. SOS. This cloister is built in memory of John George Phillips, a native of this town, Chief Wireless telegraphist of the ill fates SS Titanic. He died at his post when the vessel foundered in mid-Atlantic on the 15th day of April 1912". Below it is the inscription: "The Postal Telegraph Clerks Association provided this fountain and contributed towards the erection of the memorial".	Listed Building, Conservation Area	Protected by higher designation	Central & Ockford	///trial.remain.solved	

47	SU974440	51.187510, - 0.616547	Historic Structures	On the west side of Borough Road, opposite the footpath to the churchyard, is a small vertical cylindrical cast iron post with a rounded top, bearing the cast letters GAS running vertically. It is an old GAS PIPE MARKER, presumably post 1870 as Borough Road was made at that date. (See also Busbridge No 35).	Conservation Area	No longer appears to exist	Central & Ockford	///team.certified.invent	
48	SU968440	51.187440, - 0.615910	Historic Structures	A WAR MEMORIAL with a plain cross on a solid base in the form of a star shape, mixed with a hexagon shape, stands against the churchyard wall east of Borough Road. It bears the dates 1914-18 and 1939-45 but with no names; a memorial tablet in the wall below, facing the Phillips Memorial Garden, states that names are recorded inside the church.	Listed Building, Conservation Area	Protected by higher designation	Central & Ockford	///trial.remain.solved	
52	SU972439	51.186642, - 0.609547	Historic Structures	A Victorian electric LAMP STANDARD is erected beside the footpath leading to the Waverley Borough Council Offices, Bridge Street. It was presented in 1981 to Godalming by the district of Mayen, Koblenz, Germany, to mark the centenary of electric street lighting. It bears a brass plaque in German and English.	Conservation Area	Unable to protect	Central & Ockford	///fantastic.rested.doll	
54	SU974432	51.180467, - 0.607701	Historic Structures	At the foot of Crownpits Lane where it joins Brighton Road is the Busbridge Institute which has now been converted into houses. In carried a PLAQUE stating: "This Institute was presented to the parish of Busbridge for a remembrance of Dudley Gillespie Bois, Lieut RGA born 21 June 1889, died 4 Oct 1915 in active service off Gallipoli". (It is not in Godalming Civil Parish).	Listed Building	Protected by higher designation	Holloway	///faced.lives.thanks	
55	SU974432	51.180007, - 0.606937	Historic Structures	On the south side of the listed cottage 109 Brighton Road, is a Victorian re-build of a WELL HOUSE, over the site of a well which collapsed and had to be filled in and covered for safety. Some old timbering is used externally for supports, probably part of the original well house. The cottage dates from the 17th century and adjacent cottages, which shared the same well, may be older.	Listed Building (curtilage), Conservation Area	Protected by higher designation	Holloway	///faced.lives.thanks	
56	SU974428	51.176317, - 0.608104	Historic Structures	At the south corner of the drive to Wychwood, Busbridge Lane, is a small BOUNDARY STONE incised with the letters PNG on the front face and the letter B on the north face. The initials appear to be those of P N Graham who occupied Busbridge Hall from 1906 and either her or his wife lived there until 1921. The B presumably stands for Busbridge. Thus, at that time, this was presumably on the boundary of the estate, and similar stones may exist at other points on the old boundary (the houses on this part of Busbridge Lane are fairly modern). This stone should be protected as an unusual survival of a Busbridge Hall boundary stone. Opposite Wychwood is in fact a very prominent boundary bank (see Historic Structures No 57).	None	No longer appears to exist	Holloway	///stays.lamps.files	
57	SU973428	51.176447, - 0.608849	Historic Structures	A high BOUNDARY BANK runs from Busbridge Lane, opposite Wychwood (see Historic Structures No 56) to Tuesley Lane, just south of the corner of Park Road. It appears to be part of a former estate boundary of Busbridge Hall.	None	Archaeology	Holloway	///secret.logic.public	

58	SU969428	51.176767, - 0.614217	Historic Structures	Where the old boundary bank (see Historic Structures No 57) reaches Tuesley Lane, just south of the Park Road corner there is an old BOUNDARY STONE by the telephone box, half buried and lying at an angle in the soil, incised with an unusual style of curved lettering Aw, only just readable. Assuming this was a Busbridge Hall boundary (see Historic Structures No 56), these must be initials of a previous owner of that estate. The only owner with those initials which can be located was Abel Walter, 1736-7, but if the indistinct letter A is incorrect, other W's were P C Webb 1748-70, N Webb 1791-2 and F B S Wilder 1837-49. This stone should be protected and examined more closely to establish dating.	None	No longer appears to exist	Holloway	///cliff.gifts.juices	
63	SU970438	51.185531, - 0.612688	Historic Structures	On the end wall of 47 High Street, at the High Street end of Pound Lane is a square cast IRON PLATE with the letter S in the centre and a small oval plate above it marked 9. It presumably indicates a water stop valve vertically below this point.	Listed Building, Conservation Area	Protected by higher designation	Central & Ockford	///bride.across.weedy	
65	SU968438	51.185436, - 0.615591	Historic Structures	On the pavement beside the Pepper Box is a tall iron hand lever PUMP. It bears a makers place Clinton & Owens, Engineers, London ("London" is slightly damaged). This would have provided a communal water supply before mains water was laid on.	Listed Building, Conservation Area	Protected by higher designation	Central & Ockford	///fork.shaped.myself	
66	SU968438	51.185452, - 0.615642	Historic Structures	An iron street BOLLARD stands beside the south-west corner of the Pepper Box. It appears to have served no useful purpose at this point, so may have been moved from its original position - it is not shown on the 1881 Graphic drawing of the first electric lighting, although the pump is shown.	Listed Building (curtilage), Conservation Area	Unable to protect	Central & Ockford	///fork.shaped.myself	
67	SU968438	51.185485, - 0.615641	Historic Structures	Inside the Pepper Box are COMMEMORATIVE PLAQUES. One states: "This plaque commemorates the worlds first public electricity supply on 26 September 1881. Near this spot was installed the first electric lamp to light the public highway under this pioneering development. This plaque was unveiled on the centenary of this event by John Wedgwood - Chairman of the Southern Electricity Board". The second plaque is a town twinning plaque: "To commemorate the final link of the tripartite partnership between Godalming, Joigny-France and Mayen-W. Germany 6th April 1986".	Listed Building, Conservation Area	Protected by higher designation	Central & Ockford	///fork.shaped.myself	
69	SU972438	51.185744, - 0.610260	Historic Structures	Above 3 Wharf Street, now Godalming Galleries is an attractive wrought IRON BRACKET with three hooks - this used to carry the three balls of a pawnbrokers sign, indicating a previous use of this shop.	Listed Building	Protected by higher designation	Central & Ockford	///canny.catch.toned	
71	SU968437	51.185095, - 0.616094	Historic Structures	On the side of a chimney above 127 High Street is an old TIN SIGN, blue with white lettering "F C Sexton, Tailer and Hosier". Below it is much older sign, only just readable, "Keens, Bakers". This chimney belonged in fact to 125 High Street, adjoining, which is still a bakers, Hilliers. Keens were the 19th century bakers but their old bread oven has been demolished long ago.	Conservation Area	No longer exists	Central & Ockford	///teams.soaks.broad	
72	SU967438	51.185354, - 0.616807	Historic Structures	Beside the door of 2 Mill Lane is an old iron BOOT SCRAPER set into the brick wall. It is in excellent condition, and clearly looked after. It deserves protection, as so many of these have become damaged or destroyed.	Listed Building, Conservation Area	Protected by higher designation	Central & Ockford	///back.summer.plenty	

73	SU966438	51.186115, - 0.618970	Historic Structures	The large house at the extreme west end of Mill Lane opposite Station Approach, is marked B F Stevens and Brown Ltd (1864) but it was formerly Hatch House, home of the naturalist Waring Kidd in the 1830's and later on the Railway Hotel. There is an interesting wrought IRON BRACKET high on the front wall above the porch. A gas lamp used to hang from it.	Listed Building, Conservation Area	No longer exists	Central & Ockford	///soon.scouts.drag	
74	SU969436	51.183547, - 0.614745	Historic Structures	A derelict 19th century SUMMER HOUSE is built against the wall of Butts Lane (a footpath) high above Croft Road, commanding an extensive view over Godalming, Charterhouse, Frith Hill, Hogs Back etc. It is of brick on the ground floor with a weather boarded first floor. The windows are broken and there is other damage by vandals. It used to belong to The Croft, High Street, whose garden stretched up to this hill before Croft Road was developed. Now standing in a neglected piece of ground with undergrowth taking hold. There is a blocked up arched gate in the bargate stone garden wall. Summerhouse Road to the south was named after this.	Listed Building	Protected by higher designation	Holloway	///packet.castle.sank	
80	SU955456	51.201897, - 0.633892	Historic Structures	On the east side of Priorsfield Road, opposite end of bungalow Greensleeves is a cast iron BOUNDARY MARKER. It bears the date AP 1 1933 and is buried deeply (see Historic Structures No 30).	None	No longer appears to exist	Charterhouse	///moved.respects.rejoined	
81	SU954456	51.201863, - 0.634921	Historic Structures	On north side of footpath between Priorsfield Road and Hurtmore Road is a cast iron BOUNDARY MARKER. (See also Historic Structures No 30.) It bears the date APR 1923 in larger letters than usual.	None	Not in Borough	Shalford	///doses.trying.lamplight	
84	SU973439	51.186526, - 0.608022	Historic Structures	Beside the Wharf Café, Wharf Street, is an EGG VENDING MACHINE dating from 1950's, a rare survival of farmers opposition to the Egg Marketing Board. Eggs could be sold without be graded and stamped with the Little Lion symbol of the board. It carried the slogan "No Little Lions in here" and is marked FARM EGGS, 6 EGGS 2/- (10p). It is planned to transfer this to the Waverley Museum.	None	No longer exists	Central & Ockford	///trial.else.guards	
85	SU983441	51.188420, - 0.594344	Historic Structures	At the corner of Catteshall Lane and Catteshall Road, against the wall of Lawnwood Cottages is a small square section concrete MARKER POST with a pyramid shaped top, carrying a small lead plate stamped with the letters E L. Its purpose is not known. Another one was observed outside 1 Bourne Road, Farncombe.	None	Unable to protect	Farncombe & Catteshall	///discrepancy.longer.such	
86	SU977453	51.199126, - 0.602924	Historic Structures	At the corner of Catteshall Lane and Catteshall Road, against the wall of Lawnwood Cottages is a small square section concrete MARKER POST with a pyramid shaped top, carrying a small lead plate stamped with the letters E L. Its purpose is not known. Another one was observed outside 1 Bourne Road, Farncombe.	None	Unable to protect	Farncombe & Catteshall	///glue solved.reader	
87	SU984442	51.188771, - 0.592916	Historic Structures	The Ram Cider House, recently sold by Bulmers was named after the hydraulic ram opposite (see also Industrial Archaeology No 20) and has an interesting SIGN showing a ram (animal) looking at a ram (hydraulic). It is a very old timber framed house.	Listed Building	No longer exists	Farncombe & Catteshall	///drives.pine.reach	

92	SU972451	51.197463, - 0.610150	Historic Structures	On the side of the junction of Binscombe Lane and Farncombe Hill, facing Binscombe Lane, is a STONE with lettering of a harder slate coloured stone let into the surface, recording the site of a pound here. It reads:- "Site of Farncombe Manor Pound. Presented to the Borough of Godalming by General More-Molyneux". It is undated. An iron boundary post shown on the 1919 OS map appears to be missing - it would have been one of the posts reported elsewhere (see Historic Structures No 30) dating from 1892 when Farncombe was incorporated into the Borough of Godalming - it may of course be buried in the soil under a hedge.	None	Unable to protect	Farncombe & Catteshall	///flown.packet.mugs	
93	SU977452	51.198014, - 0.602077	Historic Structures	On the north side of Summers Road opposite the entrance to Nursery Road is a cylindrical iron GAS PIPE MARKER with the letters GAS cast vertically. It is identical to those in Borough Road (see Historic Structures No 47) and Munstead Heath Road (see Busbridge No 35) and their dating is not known.	None	Unable to protect	Farncombe & Catteshall	///regard.boat.saints

It bears the inscription "Domus Carthusinae Fundator, Thomas Sutton 1611". Charterhouse was moved to this site from London in 1872.	Listed Building	Protected by higher designation	Charterhouse	///loved.stuck.arrow	
105	SU962450	51.196008, - 0.622552	Historic Structures	At the south-west corner of the Charterhouse School building is a bronze STATUE of the man who was headmaster when the school moved from London in 1872. He is shown seated, and appears to be holding a model of the original school, a church-like building with a tower of which the south-west corner tower behind the statue appears to be a copy. The inscription reads "William Haig Brown, Headmaster 1864-97".	Listed Building	Protected by higher designation	Charterhouse	///upon.shin.courier	
107	SU979437	51.184704, - 0.599234	Historic Trees	Near the south-east corner of the pond at scizdons south of Catteshall Lane is a tall WELLINGTONIA TREE about 5ft diameter near the base, indicating that this valley was formerly part of a landscaped park of an estate.	None	Unable to protect	Central & Ockford	///guards.fork.cats	
108	SU984453	51.199185, - 0.592635	Historic Trees	A tall WELLINGTONIA TREE stands on the north side of Broadwater pond, near the boundary bank at the edge of the rugby football ground. It is about 6ft diameter just above the base. Other smaller ones are visible; they were planted by the owner of Broadwater House, now demolished.	None	Unable to protect	Farncombe & Catteshall	///locals.urban.patio	

109	SU974426	51.174637, - 0.607926	Tracks and Roadways	Busbridge Lane follows the line of the OLD COACH ROAD from Vann Lane, Chiddingfold over Hydons Ball to Holloway Hill. This road was used in the pre-turnpike age and could be an extremely ancient north-south route (see also Busbridge and Hambledon reports). At the northern end, its exact route is obscured by modern development but probably went straight on towards the "Pepper Box" end of High Street.	None	No longer exists in original form	Holloway	///lows.mops.print	
110	SU975426	51.174472, - 0.605771	Tracks and Roadways	There is AN OLD DRIVE to Crownpits Lodge, Crownpits Lane, which is a former lodge to Busbridge Hall, though now completely isolated from the Busbridge estate by modern development between The Drive and Home Farm Road. A pillar beside the disused drive is a surviving gate pillar. The disused drive curves past Crown Pits Barn, but is then lost across a playing field to The Drive. The Avenue, off The Drive, takes its name from this old drive as a line of trees is shown here on old OS maps, heading for the Busbridge Hall Lodge on Home Farm Road. The drive appears to follow the line of an ancient road crossing the Busbridge Lakes grounds at the Middle Lake and then branching towards Crown Pits Lane to join Brighton Road (see Busbridge reports No 54).	Registered Park and Garden	Protected by higher designation	Holloway	///juices.rating.nest	
111	SU967434	51.181757, - 0.617367	Tracks and Roadways	Along the east side of Holloway Hill are prominent bargate stone quarry faces, stretching almost the whole way from Tuesley Lane to Croft Road. Holloway Hill is a continuation of the OLD ROAD from Tuesley into Godalming, no doubt named after the Hollow Way as it descends the steep hill, worn down by pack-horse and cart traffic. Many of the old quarry floors have become covered in undergrowth or levelled and built on, indicating that they have been long disused. The name Stonepit Field occurs in the Tithe Award (1842) on the west side of Holloway Hill.	None	No longer appears to exist in original form	Holloway	///learn.civic.faced	
114	SU969440	51.187607, - 0.615251	Parks and Gardens	The gardens at the Phillips Memorial no longer exist in the form created by Gertrude Jekyll but the plans have survived.	Listed Building, Conservation Area	Protected by higher designation	Central & Ockford	///piles.twin.sobs	

## GODALMING TOWN COUNCIL

Disclosure by a Member<sup>1</sup> of a disclosable pecuniary interest or other registerable interest (non-pecuniary interest) in a matter under consideration at a meeting (S.31 (4) Localism Act 2011 and the adopted Godalming Members' Code of Conduct).

As required by the Localism Act 2011 and the adopted Godalming Members' Code of Conduct, **I HEREBY DISCLOSE**, for the information of the authority that I have [a disclosable pecuniary interest]<sup>2</sup> [a registerable interest (non-pecuniary interest)]<sup>3</sup> in the following matter:-

**COMMITTEE:** \_\_\_\_\_

**DATE:** \_\_\_\_\_

**NAME OF COUNCILLOR:** \_\_\_\_\_

Please use the form below to state in which agenda items you have an interest.

Agenda No.	Subject	Disclosable Pecuniary Interests	Other Registerable Interests (Non-Pecuniary Interests)	Reason

**Signed** \_\_\_\_\_

**Dated** \_\_\_\_\_

<sup>1</sup> "Member" includes co-opted member, member of a committee, joint committee or sub-committee

<sup>2</sup> A disclosable pecuniary interest is defined by the Relevant Authorities (Disclosable Pecuniary Interests) regulations 2012/1464 and relate to employment, office, trade, profession or vocation, sponsorship, contracts, beneficial interests in land, licences to occupy land, corporate tenancies and securities

<sup>3</sup> A registerable interest (non-pecuniary interest) is defined by Section 9 of the Godalming Members' Code of Conduct.
