Godalming Town Council together with our partners Godalming Dementia Action Alliance, Alzheimer's Society and the Godalming Film Society have joined together to pilot a new dementia friendly screening of the Christmas classic film, **"It's a Wonderful Life"**.

The dementia friendly screening is a great opportunity for people living with dementia to enjoy a film in a relaxed friendly environment. The screening will be shown without adverts or trailers and have slightly brighter lighting than you would expect in a normal auditorium.

There will be a breakout room and a chance to socialise and enjoy some free refreshments.

The screening is open to anyone living with dementia i.e. those diagnosed and their family, friends, neighbours or carers. We also welcome people who find regular cinema experiences challenging, charity workers, medical professionals care home staff, social workers and support staff.

So if you or someone you know would like to enjoy a relaxed dementia friendly film-going experience then put Saturday 15 December in your diary.
