8. REPORT OF THE INTERNAL AUDITOR

Members considered the report of Mulberry & Co and noted the action point that related specifically to the Joint Burial Committee.

Members accepted that the invoice for the rent of Nightingale Chapel had not been raised because of the Clerk's extended sick leave in 2014. Members also noted that this came to light in the normal course of events at the year end and was simply rectified with the rent being received in the financial year 2015/16 (the rent year spanning two financial years). Members accepted assurances that systems had been changed such that the omission would not recur.

11. BANK MANDATE

The Committee resolved that HSBC plc should continue as the Committee's bankers and shall be authorised to honour all cheques drawn on the Committee's accounts or instructions for direct debits or standing orders provided the order for payment or instruction is signed by any two of four members of the Committee being :

- The Chairman,
- The Vice-Chairman, and
- Councillor A Bott
- Councillor Gray

The Clerk & Responsible Finance Officer was instructed to complete a bank mandate to effect the resolution above.

12. CEMETERY MEMORIAL SAFETY POLICY

Members noted Godalming Joint Burial Committee has responsibility for the overall safety within its cemeteries under the Health and Safety at Work Act 1974 and the Occupiers Liability Act 1957 to ensure that, as far as reasonably practicable, the cemeteries are maintained in a safe condition.

Members considered and adopted the Cemetery Memorial Safety Policy 2015. The Clerk was instructed to implement the policy and instruct the Cemeteries Manager to arrange for a 100% inspection of the memorials, with further inspections as required by the policy. It was agreed the first priority was memorial safety inspections at Eashing Cemetery.

It was further agreed that a local contractor be engaged to conduct the required checks and that the physical inspection of Eashing Cemetery would take approximately 55 working days. Members agreed to allocate up to £9,000 in labour and material costs for the memorial safety inspection of Eashing Cemetery from the ear marked reserve. This would leave a balance of £5,000 for the inspection of Nightingale Cemetery (it is believed that the memorial inspection of Nightingale cemetery could be completed within 5 days at a cost of £750).

It was agreed that once the inspection of both cemeteries is complete approximately 12 days labour and material costs are budgeted for in future years; at current rates this would be approximately £2,000 pa and it was agreed to address this requirement in the 2016/17 budget.

It was also agreed that any balance on the current ear-marked reserve should be retained for the potential cost of repairs to either large (above 2.5 metre) visually significant or historically important memorials.

13. EASHING CEMETERY TREE SURVEY

Members considered a report titled "Eashing Cemetery Ground Based Tree Inspection" and agreed that the Committee's ground maintenance contractor be instructed to complete all the works outlined in the report at an indicative cost of £3,720. The costs to be met from the revenue account with any shortfall being met from the ear marked reserve of £5,000

Members further agreed that on completion of this work at Eashing Cemetery, a full arboricultural survey of Nightingale Cemetery is conducted and that in order to continue to manage the risk an arboricultural survey of both cemeteries should be conducted every three years (the next being 2018/19), unless exceptional weather conditions dictate that the frequency of the survey should be reduced.

14. BURIAL STATISTICS

Members noted statistics for the quarter and for the twelve months ending 31 March 2015. (Burial statistics attached to the record minutes.)

15. NIGHTINGALE CHAPEL ROOF REPAIRS – TENDERS

Members received a tender report relating to the requirement to re-roof Nightingale Chapel Buildings. Members endorsed the fact that for administrative efficiency (given Officers' workloads) the Committee's surveyors were instructed to undertake the tendering process as being in accordance with good practice and therefore acceptable even though costs did in fact exceed £60,000.

At the time of writing this report it is not yet known whether the JBC will have to submit a mitigation plan to Natural England to be able to conduct the works. The first of the bat surveys was conducted in mid-May, a second bat survey is scheduled for 11 June. It is hoped that an oral report, regarding whether a mitigation statement is required or not, will be able to be given at the meeting.

Irrespective of whether bat mitigation is required or not, the JBC will have to obtain Listed Building Consent for the works. As such, in order to be able to progress the works as quickly as possible, the Clerk has already exercised her delegated authority in consultation with the then Chairman of this Committee to instruct the JBC's surveyors to apply for the required consent.

If Listed Building Consent is received and, assuming that there is no requirement to mitigate the works for bats,

Members agreed to Contractor D (D Purdys) to conduct the specified work at a cost of £67,240 (including contingency). Given that the bat survey on 11 June recorded bats at the Chapel the JBC will have to submit a mitigation plan to Natural England to be able to conduct the works. This introduces an element of delay and should it not prove possible to conduct the works over the 2015 summer shut down period, Members agreed the appointment of Contractor D to conduct the works during the 2016 summer shut down period, accepting up to a 5% inflationary increase in costs before requiring a new tender process to be undertaken.

16. DATE OF NEXT MEETING

The next meeting of the Godalming Joint Burial Committee is scheduled to take place on Thursday, 10 September 2015 at 5.00pm at Nightingale Cemetery and thereafter in the Council Chamber. After discussion it was indicated that the meeting of the Committee expected to be scheduled for June 2016 should be held in Eashing Chapel after the Cemetery Inspection.
