11. EASHING CEMETERY CHAPEL

Members noted that the asbestos survey conducted at Eashing Cemetery Chapel had found no trace of asbestos material. Members further noted that it appeared that there would be no building regulation charges as the proposed work involved the provision of accessible W.C. facilities. Members were informed that the surveyor had prepared the

tender documents for the renovation works at Eashing Chapel and on the grounds that the likely cost of the work was likely to be less than £50,000 tenders had been sought from 3 contractors (as required by Financial Regulation 12). The deadline for receipt of tenders was 13.00 on 9 July 2012 and the tenders would be opened at 16.00 on 10 July and passed to the Surveyor to produce a tender report to be presented at the next meeting of this committee.

12. GROUNDS MAINTENANCE UPDATE

Members received a report on the current of grounds maintenance at each cemetery.

13. JUBILEE TREE

Members considered the issue of replanting following the removal of a significant number of trees from Eashing Cemetery and noted that in due course a programme of removal and replacement would be required for both cemeteries. However, in the meantime Members agreed that a significant specimen tree should be planted at Eashing Cemetery to commemorate the Diamond Jubilee. A position in the unconsecrated section had been identified, as had a suitable species of tree - Liquidambar styraciflua '*Worplesdon*' AGM. The cost of £400 (including transport and planting) for a tree of 20–25cm girth and 4–5 metres height from a local trade nursery would be contained within the budget for tree maintenance.
