

PRESS RELEASE

FLORAL GODALMING 2019

Earlier this year, Godalming Town Council, supported by The Peter Caudle Memorial Trust, introduced Floral Godalming into the Town's retail centre. Floral Godalming has added interest and vibrancy to the town with colourful flowers and plants for everyone to enjoy from June through to October. Godalming Town Council was delighted that, in this first year of Floral Godalming, it won the Gordon Devereux Rose Bowl for Civic Pride at Go Godalming's Godalming in Bloom competition and the environmental category of the Godalming Trust's Civic Design Awards 2018, as well as receiving many positive comments from residents and businesses alike. One local resident said "It brightens my day to see these magnificent flowers in our town" and a local business owner said "the planters, troughs and baskets have been a joy to see and have made Godalming beautiful".

Looking forward to 2019, an opportunity exists for residents and businesses alike to sponsor a hanging basket, a flower trough or bollard planter to brighten up the town centre with a glorious splash of colour and magnificent blooms. A variety of sponsorship packages are available to view on the Town Council's website www.godalming-tc.gov.uk/floral-godalming or email community@godalming-tc.gov.uk for more information.

Notes to Editors:

Godalming in Bloom is an annual gardening competition open to residents who garden in Binscombe, Busbridge, Farncombe and Godalming, run by horticulturalists working as volunteers.
