Ms Rebecca Clarke
Waverley Planning Department
Waverley Borough Council
The Burys
Godalming
Surrey GU7 1HR

Dear Ms Clarke

Re: Application WA/2018/1239

Location: Land between New Way and Aarons Hills, Godalming

Erection of 262 dwellings including 78 affordable dwellings with associated works

Whilst Godalming Town Council recognises the housing need of the Waverley Borough area, the Council objects to this application on the grounds that it is an overdevelopment of the site with an inadequate housing mix and insufficient social housing provision. Moreover, its lack of environmental consideration relating to surface water control and environmental impact on the local area including roads, traffic access and traffic generation. Additionally, Members consider that the effect of the development on listed buildings and gardens in the area have not been adequately considered.

Members were concerned that the public consultation over this application has been inadequate and that it should be considered as a whole site plan and not two individual applications split by Borough boundaries.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Andrew Jeffery'.

Andrew Jeffery
Town Clerk
