COMMUNITY BENEFITS FROM GODALMING TOWN COUNCIL'S GRANTS FUNDING

During Godalming Town Council's last round of grant funding approved at the Policy & Management Committee meeting held on the 17 October Councillors approved grants from the Council Community and General Grant Funds to assist community organisations whose work benefits the residents of the town.

One such grant from the General Grant Fund was awarded to Godalming Baptist Church who received £1,500 to assist with the purchase of washable replacement flooring in their Activities Room. Many different groups run activities at the Church including mother and baby groups, a community-led 'Art space' group and a mid-week children's club. The replacement flooring will allow all groups using the facility to continue to do so in a safe and hygienic environment.
