TOWN TRACTOR RECEIVES NEW NAME!

Godalming Town Council's workforce was delighted to take possession of a shiny new Tractor before lockdown and it was felt it needed a name. Godalming Town Council's Mayor, Councillor Penny Rivers devised a competition to ask residents to name the new Town Tractor and also to make a drawing of it as it works around the town. The 5 different age categories created some colourful creations to be judged by the Mayor.

The Mayor said "How lovely to see the pictures and suggested names for the new tractor from residents aged from three and a half to seventy and a quarter. The standard of drawings was very high which always makes judging difficult but congratulations to everyone who entered for adding colour to these times. :-) The new Tractor will be called 'Flora", the name chosen by 4 year old Dilly."

Residents will be able to see "Flora" out and about as she continues to help keep Godalming looking lovely even in lockdown.
