5. **ANY OTHER BUSINESS RAISED BY ANY LOCAL GOVERNMENT ELECTOR CONCERNING THE TOWN'S AFFAIRS.**

A question was raised by Maxine M Taylor, a resident of the town:

Please can the Town Council brief residents on any plans to rejuvenate the small business culture that has historically been a feature of our High Street and one of its key attractions?

Cllr Paul Follows answered on behalf of the Town Council:

Although Godalming Town Council has no direct responsibility for economic development or business support and receives no funding from the business rates, the past year has

demonstrated the importance of a local council in supporting its retail centre. It is for this reason that in April of this year the Council adopted a strategy paper for the Godalming Town Centre Area. You can read the document by visiting

Please be assured that the action plan at section three is being actively worked on and that Godalming Town Council is also working in partnership with Waverley Borough Council economic development team.

It is also important that we look at what is positive within our town (without denying that there are always things that need improving). Although during the pandemic the vacancy rate within the central area rose from just over 5% to nearly 11% a number of the vacant units are under negotiation for new tenants.
