FARNCOMBE SKATEBOARD & BIKE PARK GETS THE THUMBS UP FROM GODALMING TOWN COUNCIL

At the Council's Environment & Planning Meeting on Thursday, 24 June, young resident Zac Shovelton gave a presentation to Members in the Council Chamber about his vision for a skateboard and bike park in the Farncombe area.

Although Godalming Town Council does not have appropriate land assets within Farncombe to be able to develop a skateboard park, Members wished to acknowledge their support for such a scheme. The Godalming & Farncombe Neighbourhood Plan (GoFarNP), which was developed by residents and accepted by a referendum vote of local electors, supports the provision of a skateboard park in Farncombe.

Godalming Town Council has written to the Chief Executive of Waverley Borough Council to express the Town Council's support for a skateboard and bike park and its willingness to work with Waverley Borough Council to explore opportunities to deliver this.

The Committee Chair thanked Zac for a superb presentation and for bringing his vision to the Council.

For more information on the [Godalming & Farncombe Neighbourhood Plan](#) (GoFarNP) please visit our website.
