Dear Andy

Re: Godalming Joint Burial Committee
Internal Audit Year Ended 31st March 2022

Executive Summary

Following completion of our interim internal audit on the 7h September 2021 we enclose our report for your kind attention and presentation to the Committee. The audit was conducted in accordance with current practices and guidelines and testing was risk based. Whilst we have not tested all transactions, our samples have where appropriate covered the entire year to date. **Testing requirements are shown in Red** and where appropriate **recommendations for future action are shown in bold text and summarised in the tables at the end of the report.**

Our report is presented in the same order as the assertions on the internal auditor report within the published AGAR. The start of each section details the nature of the assertion to be verified, followed by recommended minimum testing requirements. Each section is then concluded with an opinion as to whether the assertion has been met or not.

Our sample testing did not uncover any errors or misstatements that require reporting to the external auditor, nor did we identify any significant weaknesses in the internal controls such that public money would be put at risk.

It is clear the Committee takes governance, policies and procedures very seriously and I am pleased to report that overall the systems and procedures you have in place are fit for purpose. The existence of an audit committee with its own detailed scope of works, testing & reporting regimen is very much best practice and is to be applauded. I would recommend the continuance of this into the future.

It is therefore our opinion that the systems and internal procedures at Godalming Joint Burial Committee are well established, and followed.

Regulation

The Accounts and Audit Regulations 2015 require smaller authorities, each financial year, to conduct a review of the effectiveness of the system of internal control and prepare an annual governance statement in accordance with proper practices in relation to accounts. In addition to this, a smaller authority is required by Regulation 5(1) of the Accounts and Audit Regulations 2015 to “undertake an effective internal audit to evaluate the effectiveness of its risk

management, control and governance processes, taking into account public sector internal auditing standards or guidance."

Internal auditing is an independent, objective assurance activity designed to improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes. The purpose of internal audit is to review and report to the authority on whether its systems of financial and other internal controls over its activities and operating procedures are effective.

Internal audit's function is to test and report to the authority on whether its specific system of internal control is adequate and working satisfactorily.

The internal audit reports should therefore be made available to all members to support and inform them when they are considering the authority's approval of the annual governance statement.

Independence & Competence

Your audit was conducted by Mark Mulberry of Mulberry & Co. We confirm we are independent from the management of the financial controls and procedures of the Committee and neither the internal auditor or the firm have any conflicts of interest with the audit client, nor do they provide any management or financial assistance to the client.

Your auditor is a qualified practicing accountant with over 20 years' experience as a registered statutory auditor.

Engagement Letter

An engagement letter was issued in August 2021 covering the 2021/22 internal audit assignment. Copies of this document are available on request.

Planning & Inherent Risk Assessment

The scope and plan of works including fee structure was issued to the Committee on the 1st September 2020 under separate cover. Copies of this document are available on request. In summary, our work will address each of the internal control objectives as stated on the Annual Internal Audit Report of the AGAR.

- There have been no instances of breaches of regulations in the past
- The client uses an industry approved financial reporting package
- The client regularly carries out reconciliations and documents these
- There is regular reporting to Committee
- The management team are experienced and informed
- Records are neatly maintained and referenced
- The client is aware of current regulations and practices
- There has been no instance of high staff turnover
- The client has an audit committee with detailed terms of reference and work programme

It is my opinion that the inherent risk of error or misstatement is low and the controls of the Committee can be relied upon and as such substantive testing of individual transactions is not required. Testing to be carried out will be "walk through testing" on sample data to encompass the period of the Committee year under review.

A. BOOKS OF ACCOUNT (INTERIM AUDIT)

Internal audit requirement

Appropriate accounting records have been properly kept throughout the financial year.

The JBC is administered as a company on the RBS accounting system hosted at Godalming Town Council. The Committee continues to use RBS and now uses the Rialitus suite. This is an industry specific accounting package. The RBS system is used daily to report and record the financial transactions of the Committee.

There are a number of access users. The system is cloud based and access is by secure log on to the local machine and a separate password for the cloud system.

The system encompasses, sales ledger, purchase ledger and cashbook. It provides for reconciliation of key control accounts and regular reporting against budget.

I reviewed the bank reconciliation file and can confirm for April, May & June there was evidence of the RFO preparing and signing off the bank reconciliations. This demonstrates internal controls are in evidence and being followed.

The cashbooks are routinely saved to soft copy and are also retrospectively accessible. The system requires the population of key data fields to enable the user to record a transaction with sufficient detail to understand the nature and scope of the transaction. This is a clear and easy to follow system and a review of the cashbook shows that all data fields are being entered, the reports are easy to read and logically filed.

My walk through audit testing of receipts and payments to underlying documentation chosen at random from month one and two showed the source documents could be easily located. I make no recommendation to change in this system.

I tested opening balances as at 1/4/21 and confirmed they could be agreed back to the audited accounts for 2020/21.

The JBC is VAT registered and the last VAT return was for quarter ended 30th June 2021. This was submitted using the software package under the making tax digital rules and was submitted on time ahead of the deadline. The return was a refund return and I proved the amount shown on the return to the bank statement. This test indicates that the Committee is up to date with its postings on the financial package and that these can be verified to third party evidence.

Overall, I have the impression that the accounting systems are well ordered and routinely maintained and as such I make no recommendation to change.

Section Conclusion

I am of the opinion that the control assertion of "Appropriate accounting records have been properly kept throughout the financial year" has been met.

B. FINANCIAL REGULATIONS, GOVERNANCE & PAYMENTS (INTERIM & FINAL AUDIT)

Internal audit requirement

This authority complied with its financial regulations, payments were supported by invoices, all expenditure was approved and VAT was appropriately accounted for.

Interim Audit

I confirmed from discussion with officers at Godalming Town Council (TC) that the JBC continues to follow the standing orders and financial regulations of the Town Council.

The Council internal audit report shows that regulations are routinely followed and that they are fit for a council of that size. As such they are entirely suitable for the JBC.

The JBC grants authority to spend via the annual budget process, payments are made so long as there is available budget.

It is clear there are robust systems, policies and regulations in place and the JBC takes seriously its responsibility in this regard.

I reviewed a sample of expenditure transactions and was able to confirm the following:

- Cashbook entry could be agreed back to an invoice from the supplier
- Email Approval for the payment
- Physical payment seen on bank statement
- VAT on VAT return

Section Conclusion

I am of the opinion that the control assertion “This authority complied with its financial regulations, payments were supported by invoices, all expenditure was approved and VAT was appropriately accounted for”, has been met.

C. RISK MANAGEMENT & INSURANCE (INTERIM AUDIT)

Internal audit requirement

This authority assessed the significant risks to achieving its objectives and reviewed the adequacy of arrangements to manage these.

Interim Audit

The Council undertakes a full risk assessment that covers operational and financial risks, this is taken to council on an annual basis. These are very comprehensive and detailed documents.

Section Conclusion

I am of the opinion that the control objective of “This authority assessed the significant risks to achieving its objectives and reviewed the adequacy of arrangements to manage these.”, has been met

D. BUDGET, PRECEPT & RESERVES (INTERIM & FINAL AUDIT)

Internal audit requirement

The precept or rates requirement resulted from an adequate budgetary process; progress against the budget was regularly monitored; and reserves were appropriate.

Interim Audit

I confirmed that the 2021-22 Budget and precept setting process was underway at the time of the audit.

Councillors receive regular reports on budget against actuals via reports to the Policy and Management Committee. I reviewed the report for the period to end of July 2021 and was able to confirm that the budget is well managed and reported on.

The committee has a well-developed reserves policy. Reserves are significantly higher than the rule of thumb – which council is aware of.

Section Conclusion

I am of the opinion that the control objective of “The precept or rates requirement resulted from an adequate budgetary process; progress against the budget was regularly monitored; and reserves were appropriate.”, has been met.

E. INCOME (INTERIM & FINAL AUDIT)

Internal audit requirement

Expected income was fully received, based on correct prices, properly recorded and promptly banked; and VAT was appropriately accounted for.

Interim Audit

I was able to agree charging rates back to approved fees and charges.

I was able to prove income per the cashbook agreed to underlying documentation.

Section Conclusion

I am of the opinion that the control objective of “Expected income was fully received, based on correct prices, properly recorded and promptly banked; and VAT was appropriately accounted for.”, has been met.

F. PETTY CASH (INTERIM AUDIT)

Internal audit requirement

Petty cash payments were properly supported by receipts, all petty cash expenditure was approved and VAT appropriately accounted for.

Not applicable – no petty cash

G. PAYROLL (INTERIM & FINAL AUDIT)

Internal audit requirement

Salaries to employees and allowances to members were paid in accordance with this authority's approvals, and PAYE and NI requirements were properly applied.

Not applicable - There are no payroll costs. Administrative costs are paid to Godalming Town Council.

H. ASSETS AND INVESTMENTS (INTERIM & FINAL AUDIT)

Internal audit requirement

Asset and investments registers were complete and accurate and properly maintained.

Interim Audit

The fixed asset register is maintained on excel, additions and disposals have been agreed to a schedule prepared by the RFO and have been correctly added at cost, or written off the asset register as obsolete.

I was able to verify the addition of a mower attachment to the register and the various council approvals.

The Committee does not hold any long term investments i.e. over 1 year. Any addition to the asset register is normally with a cost value greater than £1,000.

There is no change year on year in fixed assets.

Section Conclusion

I am of the opinion that the control objective of “Asset and investments registers were complete and accurate and properly maintained.”, has been met.

I. BANK & CASH (INTERIM & FINAL AUDIT)

Internal audit requirement

Periodic and year-end bank account reconciliations were properly carried out.

Interim Audit

The JBC has two bank accounts. The bank reconciliations for both accounts are properly prepared and presented to committee for verification and approval on a regular basis. I confirmed that reconciliations are completed promptly at the end of each month.

The JBC follows the same regulations as that of GTC and as such has the same investment strategy in place.

Section Conclusion

I am of the opinion that bank and cash balances are properly shown on the AGAR and that the control objective of “Periodic and year-end bank account reconciliations were properly carried out.”, has been met.

J. YEAR END ACCOUNTS (FINAL AUDIT)

Internal audit requirement

Accounting statements prepared during the year were prepared on the correct accounting basis (receipts and payments or income and expenditure), agreed to the cash book, supported by an adequate audit trail from underlying records and where appropriate debtors and creditors were properly recorded.

The committee, at its meeting to sign off the year-end accounts, must discuss the Annual Governance Statement and record this activity in the minutes of the meeting. Based on the internal audit finding, I recommend using the table below as the basis for that discussion. THIS MUST BE A SEPARATE AGENDA ITEM TO THE SIGNING OF THE ANNUAL ACCOUNTS.

The year-end accounts have been correctly prepared on the income & expenditure basis with the box 7 & 8 reconciliation properly completed.

The variance analysis was required because there were variances greater than 15% and £500. This was properly prepared on a summary table basis showing the financial elements and explanatory narrative.

The Committee had made provision within its schedule of meetings to sign off the annual governance statement.

Section Conclusion

I am of the opinion the control objective of “Accounting statements prepared during the year were prepared on the correct accounting basis (receipts and payments or income and expenditure), agreed to the cash book, supported by an adequate audit trail from underlying records and where appropriate debtors and creditors were properly recorded.”, has been met.
