## A G E N D A

### 1. MINUTES

To approve as a correct record the minutes of the meeting held on the 13 July 2023, a copy of which has been circulated previously.

### 2. APOLOGIES FOR ABSENCE

### 3. DISCLOSABLE PECUNIARY INTERESTS AND OTHER REGISTERABLE INTERESTS

To receive from Members any declarations of interests in relation to any items included on the agenda for this meeting required to be disclosed by the Localism Act 2011 and the Godalming Members' Code of Conduct.

### 4. PETITIONS/STATEMENTS/QUESTIONS FROM MEMBERS OF THE PUBLIC

The Chair to invite members of the public to make representations, ask or answer questions and give evidence in respect of the business on the agenda or other matters not on the agenda. This forum to be conducted in accordance with Standing Order 5:

- the period of time designated for public participation at a meeting for a maximum of three minutes per person or 15 minutes overall, unless otherwise directed by the chair of the meeting;
- a question shall not require a response at the meeting nor start a debate on the question. The chair of the meeting may direct that a written or oral response be given. If a matter raised is one for Principal Councils or other authorities, the person making representations will be informed of the appropriate contact details.

## 5. QUESTIONS BY MEMBERS

To consider any questions from Councillors in accordance with Standing Order 6.

## 6. SERVICE LEVEL AGREEMENTS 2024 ONWARDS

### **Background**

Service Level Agreements (SLAs) are an instrument through which Godalming Town Council (GTC) guarantees a specified level of financial support for an agreed period for the provision of a specific service that benefits the community. Such arrangements allow the service provider the financial security to invest in the service and GTC with measurable outcomes for the support provided. SLAs will run from April to the following March for the number of years agreed by GTC. No single agreement is to exceed 4 years before coming back to GTC for review/renegotiation/renewal.

SLA's, whilst providing a degree of certainty for service providers and council alike, commit a significant amount of GTC's available grant funds. It is for Members to determine the overall amount of funding provided for grants support to be allocated in the revenue budget as part of the annual budget setting process. It is for this reason that the renewal of existing or the awarding of new SLA's takes place in the September preceding the April of the first year of the proposed or renewed agreement.

If the cumulative sum of an SLA exceeds £50,000, as required by Financial Regulations, it is for Full Council to approve the agreement.

If after consideration of SLA requests, an overall increase to SLA funding is required, then it is suggested that it would be prudent, irrespective of the individual SLA amounts, for ALL SLAs to move to Full Council for final agreement once the Council has determined its future budget. If Members are minded to take this approach, then they are currently making 'in-principle' and 'without prejudice' decisions, with the final ratification of any proposed agreement to be determined after the budget setting process (P&M 23 November) and setting of the 2024/25 precept by Full Council on 14 December.

For information, if Members were minded to recommend the awarding, in full, of the SLA requests set out below, the SLA funding requirement would increase by £9,000 p.a. (approx.. 1.7p per week for a Band D equivalent household).

### **Governance Path**

*7 September* – Applications to be considered by the Policy & Management Committee

*Week commencing 17 September* – applicants informed of any in principle decision of the council, setting out any proposed 'Heads of Terms' outlining conditions and/or service delivery requirements of any proposed SLA. At this point the offer is made 'without prejudice' and may be subject to further discussions between the applicant and GTC and/or further decisions of the council.

*As required* – discussions between applicant and GTC's SLA Task & Finish Group to agree final draft of SLA. (SLA T&FG Cllr Joan Heagin, Cllr Paul Follows & the RFO).

O/C – Final draft SLA to be presented to Policy & Management at an extraordinary meeting on 2 November 2023 (directly following scheduled E&P).

*14 December* – SLA to be approved by the Full Council of Godalming Town Council.

*Week Commencing 18 December* – if SLA approved by Full Council arrangements to be made for signing of the agreement.

## **Applications**

### Citizens Advice South West Surrey

Citizens Advice South West Surrey requests a renewal of the current SLA to support the provision of an information and advice service, with access 5 days per week for Godalming residents (excluding public holidays). The current SLA expires on 31 March 2024. It is requested that a new SLA be awarded for the period 1 April 2024 to 31 March 2028, with an uplift in funding to £34,000 per year. Additionally, given the ongoing high levels of inflation, Citizens Advice South West Surrey requests Members to consider whether it would be possible for a review to take place within the 4-year period on the specific level of funding.

Citizens Advice South West Surrey's letter of application, existing SLA, key statistics and accounts are attached for the information of Members.

### Farncombe Day Centre

Farncombe Day Centre requests a renewal of the Current SLA to help support the provision of the Day Centre's minibus that allows, mainly to elderly residents, to access the Centre 5 days a week, excluding public holidays and the Christmas and New Year Closure Period.

The Centre provides a vital resource to local residents, not only in terms of providing them with a healthy nourishing meal and snacks at heavily subsidised and affordable prices, but also takes care of the wider physical and mental needs through the provision of services such as entertainment, activities, exercise and outings. The latter service also relies on the minibus for transportation.

The current SLA expires on 31 March 2024. It is requested that a new SLA be awarded for the period 1 April 2024 to 31 March 2028, whilst the letter references the existing SLA of £5,000 per annum, it also requests, if possible, an increase to the annual amount, without specifying any sum. Applying the Bank of England inflation calculator to establish the same buying power of annual grant would equate to an SLA of £6,000pa (as calculated to June 2023 and rounded to the nearest £100).

Farncombe Day Centre's letter of application, existing SLA, and accounts are attached for the information of Members.

### Waverley Hoppa Community Transport

Waverley Hoppa Community Transport requests an SLA to support the provision of the Hospital Hoppa and Godalming Shoppa transport service. Members will wish to note that the existing SLA is dedicated to the provision of the Hospital Hoppa transport service for the residents of Godalming, Haslemere and the surrounding villages, who do not qualify for free NHS transport 5 days a week, excluding public holidays and the Christmas and New Year Closure Period within the GU7 area, whereas the new request also covers the provision of the Godalming Shoppa, which in 2022/2023 transported over 1,500 passengers into Godalming.

The existing SLA expires on 31 March 2024. It is requested that a new SLA be awarded for the period 1 April 2024 to 31 March 2028, with an uplift in funding to £7,500 per year.

Waverley Hoppa Community Transport's letter of application, existing SLA and accounts are attached for the information of Members.

### Wharf Nursery School

Following clarification obtained by the Town Clerk on 1 August 2023, The Wharf Nursery School requests a renewal of the current SLA to support the provision of Stay and Play groups. The current SLA expires on 31 March 2024. It is requested that a new SLA be awarded for the period 1 April 2024 to 31 March 2028. The amount of funding requested is £3,000 per annum, which is a reduction of £500 from the funding provided under the existing SLA. As a new project supported by GTC, which has now been running for two years, the income/expenditure profile has been better established, hence the change in requested support.

The Wharf Nursery Stay and Play SLA request, existing SLA and additionally, as the Stay and Play project funds are maintained within The Wharf Nursery School accounts, the project financial monitoring report for 2022/23 are attached for the information of Members, along with the budget proposal for 2024/25.

### **Applications for Council Community Funding**

Members to consider the following applications for Council Community Fund support – the summary of the applications is given below:

### Farncombe Football Club

*Sponsors: Cllr Penny Rivers, Cllr Janet Crowe*

£700 is applied for to provide team kit for Farncombe Football Club.

Previous grants: None

Members are requested to award a Council Community Grant of £700 for the purchase of new team kit (shirts, shorts and socks) for Farncombe FC. Following discussions with the club, if approved, GTC would be the kit 'sponsors' and the GTC logo would be displayed on the shirts.

Farncombe FC is an adult football team established in 2017; it competes in the Surrey County Intermediate League. Farncombe FC is a One Star FA England Accredited Club. FA England accreditation shows that the club has the right environment to nurture players, coaches, and volunteers, which results in greater diversity and inclusivity through football. Farncombe FC play at Meades Park, home of Farncombe Youth Football Club and provides the transition path for the youth players stepping into adult football.

### Godalming in Bloom

*Sponsors: Cllr Janet Crowe*

£500 is applied for to support Godalming in Bloom 2024.

Previous grants: £500 in 2014/15 and £500 in 2019/2020

Members are requested to award a Council Community Grant of £500 to support Godalming in Bloom 2024. Although this request is for 2024, it has been made so the organisation may know what level of activity they could engage in in 2024.

In considering this application, Members may, if they wish, make a grant from the 2023 Community Grant fund, which will be 'rolled over' into 2024. Alternatively, Members could approve the award stating that funding is to be allocated from the 2024 Community Grant funds or defer consideration of the application until the first meeting of the 2024/25 civic year when the 2024 allocation starts.

### **Applications for General Grant Fund Support**

Members to consider the following applications for General Grant Fund support – the summary of the application is given below – the detailed applications are attached for the information of Members.

#### Farncombe CofE Infant School

£7,500 is applied for to fund significant improvements to the outdoor learning area of Farncombe Infant School.

Previous Grants: £125 in 1996/97

In response to the school place planning information, Farncombe Infant School has reduced its Planned Admission Number (PAN) to 30. The impact of this decision is that children will in future be taught within a learning environment that is appropriate to specific learning needs as opposed to within the current cross age year group model. Additionally, Farncombe Infant School is exploring the opening of a nursery at the school and therefore is seeking to create flexibility in the use of space that will support the future growth of the school.

Members may wish to note that an initial enquiry was made by school governors regarding an application for a higher level of funding from Neighbourhood CIL. Whilst in many respects this application would be within the scope for consideration for Neighbourhood CIL, unfortunately, and crucially, due to the reduction in the school's PAN, such an application

would not have met the criteria “to help fund the infrastructure needed to mitigate the impacts of new development.”

#### The Meath

£7,500 is applied for to part-fund the refurbishment of The Meath to ensure it is fit for purpose to support on-site residents.

Previous Grants: £36 in 2013/14. GTC also sponsored the application for £3,000 from the SSE Networks Resilient Communities fund in 2022.

#### Ss Peter & Paul Parish Church

£18,000 is applied for to part-fund the installation of a new sound and vision system to make the building more accessible to community groups (as part of the Minster project).

Previous Grants: £250 in 1992/3, £250 in 1993/4, £600 in 2003/4 and £2,925 in 2018/19

#### Surrey Drug & Alcohol Care

£3,500 is applied for to fund a telephone counselling service for clients living in Godalming which will offer free counselling sessions to those referred by SDAC helpline or via website, G P, alcohol liaison nurses in hospitals, or other agencies. Sessions offered to clients may be weekly, or as often as twice a day if a client is in crisis. The service also offers wellbeing check calls at weekends and follow up calls for up to a year after therapy has finished.

Previous Grants: None

### 8. ACCOUNTS PAID SINCE LAST MEETING & SCHEDULE OF PAYMENTS

RFO to report on the accounts paid since the last meeting.

A schedule of the accounts paid will be tabled for the information of Members. The invoices relating to these payments are available in the Council’s office for inspection. All payments made are in line with the agreed budget or other resolution of this Committee or Full Council.

Members to agree that the Chair should sign the schedule of accounts paid.

### 9. BUDGET MONITORING

Members are asked to note a report from the responsible Finance Officer on the Council’s financial performance to 31 July 2023 (report attached for the information of Members).

### 10. COMMITTEE REPORTS AND KEY DATES

The Committee’s reports’ schedule and key dates programme is attached for the information of Members.

### 11. GTC DECARBONISATION PROGRAMME – REPLACEMENT OF DIESEL WORK VAN – ITEM FOR DECISION

**Recommendation: Members to consider the options report for a replacement maintenance vehicle and if so minded are requested to agree the recommendation contained in the report.**

In 2019, Godalming Town Council stated it wished the work vans used by the Council’s maintenance team to be electric by the end of 2023. Members are requested to consider a report from the Town Clerk relating to options for a replacement vehicle to support the maintenance team and meet GTC’s climate emergency commitments (attached for the information of Members).

12. TOWN COUNCIL REPRESENTATION ON EXTERNAL BODIES – REPORT ON ST MARKS COMMUNITY CENTRE COMMITTEE

Members are asked to note a report from Councillor Kiehl on the St Marks Community Centre Committee (report attached for the information of Members) an organisation upon which Councillor Kiehl represents the Town Council.

13. TOWN COUNCIL REPRESENTATION ON EXTERNAL BODIES – REPORT ON GODALMING/JOIGNY FRIENDSHIP ASSOCIATION

Members are asked to note a report from Councillor PS Rivers on the Godalming/Joigny Friendship Association (report to be tabled) an organisation upon which Councillor PS Rivers/Duce represents the Town Council.

14. COMMUNICATIONS ARISING FROM THIS MEETING

Members to identify which matters (if any), discussed at this meeting, are to be publicised.

15. DATE OF NEXT MEETING

The next meeting of the Policy & Management Committee is scheduled to be held in the Council Chamber on Thursday, 12 October 2023 at 7.00pm or at the conclusion of the preceding Environment & Planning Committee, whichever is later.

16. ANNOUNCEMENTS

Brought forward by permission of the Chair. Requests to be submitted prior to commencement of the meeting.

Dear Andy,

### **Request for renewal of Service Level Agreement for April 2024 – March 2028**

Thank you for Godalming Town Council's ongoing support for Citizens Advice in Godalming. As a result of your current grant contributing to our services in the community, we've been able to maintain a 5 day per week service in Godalming. In the first full 3 years of the grant (April 2020 – March 2023) Citizens Advice have supported 1,782 Godalming residents with one-to-one information, advice and support. This covered 9,124 issues and resulted in £6,181,187 of financial outcomes for residents. Attached is a page with further key statistics on the Godalming clients helped during this period.

The current cost of living crisis means at Citizens Advice, we've seen more people coming to us for help with crisis support, energy problems and not having enough money to make ends meet than ever before.

We would therefore like to apply for a renewal of our current SLA for a further 4-years, with an uplift in funding to £34,000 per year.

### **Statement of the purpose of the SLA funding**

The service will provide direct benefit to the civic parish of Godalming, and some of its inhabitants through the provision an information and advice service, with access 5 days per week for Godalming residents (excluding public holidays). We know the impact this

will have on the community from our existing expertise in advice delivery. This includes:

1. **Direct impact to those inhabitants accessing our services** – this comes in the form of financial outcomes as well as non-financial outcomes such as Homelessness being averted or residents rehoused, barriers to employment being removed, financial planning for the future, and right to remain being secured (see attached key statistics and presentation recently delivered to the Town Council). We also know our support improves people's health with 62% said our help meant they were less stressed, depressed or anxious and 43% said our help improved their physical health.<sup>1</sup>
2. **Wider civic parish of Godalming community impacts** – the Citizens Advice Treasury approved model for understanding the impact of our service shows that our advice results in wider economic and social benefits too (public value). The conservative estimated financial value for this was £12,985,062 across Waverley last year.<sup>2</sup> As large proportion of this value comes from the impact of being strengthened by volunteers within our service. In Godalming we currently have over 40 volunteers contributing to their community – contributing to their individual wellbeing, as well as the wider community wellbeing.

Some proposed measurable/definable outcomes we suggest we could report to you on this would be:

- Number of Godalming residents helped by Citizens Advice
- Number and type of issues Godalming residents have been supported with
- Number of Godalming based volunteers
- Financial outcomes for Godalming residents

We propose this continues in line with our current SLA through a report or presentation for the council following each financial year.

### **Level of funding requested**

Whilst the current grant is £28,000 per annum, we would also like to request an increase in this annual amount to £34,000 per year. This is based on the value of £28,000 in 2020 compared to June 2023, using the Bank of England inflation calculator.

We're currently seeing a particular pressure on our service through inflation resulting in increased costs for example office supplies, energy bills, staffing costs, all of which is impacting our ability to deliver the service. Therefore, this uplift would allow us to continue to deliver the service at the current levels we are doing so. Though as I acknowledged in my recent presentation to the Council, we are currently unable to meet the needs of all those who contact us, particularly with increased client need from the Cost-of-Living Crisis.

Given the ongoing high levels of inflation, we would also request whether it would be possible for a review to take place within the 4-year period on the specific level of funding.

If there is any further information you would like to support this application, please do let me know and I'd be happy to provide it. I also enclose as requested in the guidance the last 2 years of audited accounts.

Yours sincerely

Dear Mr Jeffrey,

I am writing on behalf of the Executive Committee of Farncombe Day Centre to apply for a new grant under an SLA to help support the provision of our minibus.

The Trustees are very grateful to Godalming Town Council for the SLA that has been running since April 2020 and has provided us with £5,000 per annum. This SLA comes to an end in March 2024.

Our minibus is in use every weekday to provide transport for our users to and from their homes and the Centre. As our annual reports to the Council have shown, minibus usage has been increasing since the COVID lockdown was lifted. By the last quarter of FY2022-23 (i.e. January to March 2023), nearly 1000 users were transported during the quarter, most of them undertaking a return trip. This typically equates to about 15 – 16 users per day.

We are actually seeing a steady increase in the proportion of our users depending on the minibus, which had risen to over 70% of those attending the Centre in recent months. All except 3 of our regular users live within the boundary of Godalming (the other three living in Milford). Over a typical week around 36 different people use the minibus service, again with most residing in the Godalming area.

Very few of our users would be able to attend the Centre without the availability of the minibus to transport them. The Centre provides a vital resource to these local residents, not only in terms of providing them with a healthy nourishing meal and snacks at heavily subsidised and affordable prices, but also takes care of the wider physical and mental needs through our provision of services such as entertainment, activities, exercise and outings. The latter service also relies on the minibus for transportation.

Whilst we will obviously be grateful for any support from Godalming Town Council going forward, we would be delighted if it were possible to increase the annual amount. We are just in the process of replacing our existing minibus as its lease period has expired. Initially we looked at an electric minibus, but quickly came to the conclusion that, at least in terms of those currently available, it would not be viable from both a cost and practicality point of view. We now expecting the delivery of a new diesel powered minibus, but as with so much

else in the world these days, the costs of leasing have increased considerably. The existing lease costs us £8,865 per annum but the new lease will be £14,093 per annum, an increase of £5,228. The salaries and associated costs for our drivers now exceed £20,000 per annum and will continue to increase as we need to review salaries annually. You will also be well aware of the considerable increases recently in the cost of fuel. Funding from Godalming Town Council will help us secure the continuing provision of this vital service.

I have attached copies of our last two years published annual accounts and our budget for the current year. You will note the latter shows a forecast deficit, which will increase in subsequent years without additional funding.

Please let me know if there is any further information you would like or any clarifications you require.

I would like to stress again how grateful we are for the support provided to us by GTC under the current SLA.

With kind regards

Yours sincerely

Subject: Request for Funding for Waverley Hoppa Community Transport

Dear Godalming Town Council,

On behalf of Waverley Hoppa Community Transport, I am writing to request financial support from the Godalming Town Council to continue and expand our vital services within the community.

We would like to request an increase in funding from £5000.00 per annum to £7,500.00 per annum for a 4 year SLA based on a substantial increase in operating costs as described later in this letter.

Waverley Hoppa is a non-profit organisation and registered charity that has been serving the Godalming community since May 2002. Our primary objective is to provide safe, reliable, and accessible transportation services for the elderly, disabled, and other vulnerable members of the community. We aim to promote social inclusion, enhance mobility, and reduce isolation not just among these individuals, but amongst all residents of Waverley that do not have access to regular transport.

Over the years, Waverley Hoppa has become an essential lifeline for many residents in Godalming. However, our operations have faced challenges due to increasing costs associated with fuel, vehicle maintenance, insurance, and staffing. Without adequate funding, we are finding it difficult to sustain and expand our services to meet the growing demands of the community.

## Our services include:

1. Door-to-door transport: We offer door-to-door transportation for elderly residents and individuals with mobility challenges, ensuring they can access medical appointments, social activities, and essential services. Any resident of Waverley who do not have access to transport can register for hoppa services.
2. Godalming shoppa – door to door accessible transport in and around the Godalming area. Operating Monday to Friday from 0930 to 1400, with 2 buses running on a Wednesday.
3. Hospital hoppa – accessible transport to the Royal Surrey County Hospital and other medical establishments from the Godalming and Haslemere areas. Operating Monday to Friday from 0800 to 1700.
4. Group outings: We organise group outings for elderly residents to local events, parks, and other social gatherings, fostering a sense of community and reducing social isolation.

Impact on the Community: The impact of Waverley Hoppa on the Godalming community has been profound. By facilitating access to essential services and social opportunities, we have seen a significant improvement in the overall well-being and happiness of our beneficiaries. Moreover, our services have contributed to reducing the burden on local healthcare services by ensuring regular and timely medical appointments for those who would otherwise struggle to attend them.

In our recent customer satisfaction survey over 50% of our users said they used the service to get to medical appointments. Many of our customers described hoppa as a lifeline to them.

Funding Request: We are seeking a continuation and increase of the grant to support the operational expenses of Waverley Hoppa Community Transport for the upcoming year's. This funding will be allocated to help absorb substantial cost increases including:

1. Vehicle maintenance costs: +10% YOY
2. Vehicle fuel costs : +7%
3. Staffing costs: +10% (>£100k YOY)
4. Property expenses: +50% YOY
5. Cost of renewing fleet to reduce emissions and move to an Electric Minibus fleet.

In the last financial year we have seen an overall growth in passenger numbers of 7%.

In 2022/2023 we transported over 1,500 passengers on the Godalming shoppa and over 500 on the hospital hoppa.

Waverley hoppa has transported over 58,000 passengers in the last financial year and have over 4,500 registered users. We have over 270 registered users in the Godalming area.

We have received a grant from VASWS Sparks that will enable us to offer "free" fares on the Godalming hoppa from 1<sup>st</sup> October 2023 to 31<sup>st</sup> March 2024. This will be a pilot to understand the increase in demand when offering free travel and if successful give us the data to push to secure further funding to introduce the acceptance of concessionary bus passes.

Waverley hoppa is actively marketing all of its service's and have now started a journey on social media to enable our reach to widen to more residents of both Waverley and specifically Godalming. We have created advertising videos and plan to attend various local events (including the Green Gala in Godalming on 12<sup>th</sup> August) to further promote our services to the local community.

In conclusion, I kindly request the Godalming Town Council to consider our funding request and support Waverley Hoppa Community Transport in its mission to create a more inclusive and compassionate community.

If you require any additional information or would like to discuss our proposal further, please do not hesitate to contact me, I would be happy to attend any Council forum to explain in detail who hoppa operates and hoppa's plans for the future to deepen our impact in the community.

Thank you for your time and consideration. We look forward to a positive response and the possibility of continuing our valuable work in the Godalming community.

Yours Sincerely,

**Application for Service Level Agreement Grant for Wharf Nursery School Stay and Play**

Dear Sirs,

I would like to apply for a 4-year Service Level Agreement Grant of £3,000 a year towards the cost of "Stay and Play" groups provided free of charge for families with young children aged from 1 to 3 years of age.

The groups re-started after the Covid-19 pandemic in April 2022, partly funded by one-year grants from Godalming Town Council for 2022-23 and 2023-4. A Service Level agreement would help to ensure continuity of this service to the local community.

Two "Stay and Play" groups a week take place during term time at The Wharf Nursery School, in the centre of Godalming. The groups each last for an hour and run independently from the nursery school which is local authority maintained. The school provides a room and excellent facilities free of charge, and skilled and experienced members of staff are employed to facilitate "messy play" which many children cannot experience at home.

In addition, a weekly "Stay and Play" group is held at two local care homes for the elderly. Originally these were started at Broadwater Lodge, and now also take place alternately with Eastlake. The interaction between the elderly and very young children is greatly enjoyed by residents and beneficial to their wellbeing, and special relationships have been formed between the "Oldies and Tots". The benefit to the elderly residents of the care homes is recognised by their carers and families. These groups can be easily accessed by families living in Farncombe and Binscombe.

Because of the success of "Stay and Play", parents requested that groups also take place in the school holidays. Funding allowed these to start at The Wharf Nursery School at Easter in 2023, with 2 sessions in one week run by school staff. In the Summer holidays 2023 further groups are taking place, and are included in Godalming Staycation. The additional groups have proved to be popular, and it is planned that they will continue in further years in Easter and Summer holidays, to particularly support families who cannot afford paid holiday activities for their children.

All the groups are well-attended, inclusive and of benefit to families with young children in the Godalming community. These free outreach sessions particularly help families who are affected by the present rise in the cost of living, those who are new to the area, or may be in need of advice or support.

Families are encouraged to attend by agencies such as Homestart, Family Centre support workers, health visitors and church-linked baby and toddler groups. Within the Godalming district there are known areas of deprivation which include families with young children. If appropriate, parents can talk to the school Special Educational Needs Co-ordinator or other staff about a concern and if necessary, be directed to further support services.

Parents and carers are enabled to strengthen bonds with their children through focused play and interaction. They learn new skills such as songs and rhymes, how to play creatively, how to encourage language development and get activity ideas to use at home. "Stay and Play" groups also provide an opportunity for parents to discuss behavioural and developmental issues with The Wharf staff, and to seek advice or reassurance. Opportunities to chat on an informal basis with services such as Health visitors and Childrens Centres are now more limited due to cut-backs.

"Stay and Play" groups used to be funded by Children's Centres, but since the closure of these Centres two years ago, essential facilities for young families have disappeared. During the COVID-19 pandemic the isolation and lack of support worsened. Children in our community born in 2020 to 2022, and their siblings, have not had opportunity to mix with peers, develop social skills and enjoy stimulating activities. Parents and carers have not been able to connect with other families and practitioners, and share concerns. This is likely to impact their children's social development and well-being, and affect their future school life.

The Wharf Nursery School is committed to continuing to provide free high-quality early years activities for very young children and their families to support the local community. The school has a long-standing reputation for excellent educational standards and was graded outstanding in a recent Ofsted Inspection.

Details of the groups are on the school website, leaflets in public places and social media.

Please find attached the audited accounts for the financial year 2022/23, and the budget proposal for April 2024 to March 2025. Accounts of grants are kept in the School Fund by the school bursar, and are available for auditing and details shared as appropriate. Matched funding has also been received from National Lottery Awards for All.

Signatories for SLA if granted would be:

Zoe Bray (headteacher)

Sally West (bursar)

If you require any further information or would like to visit the nursery school to discuss the scheme and see the facilities, please do not hesitate to get in touch,

Kind Regards

Jacky Beale (governor of the Wharf Nursery School)

In brief 'Let all you do be done in love' is our guiding vision for our speech, deeds and thoughts. This enables us to create a nurturing and inspiring environment in which everyone can have life in all it's fullness. We are dedicated to the promotion of inspiration, imagination and individuality.</p>
5.	Apart from general fund raising events, does the Organisation obtain revenue from any direct trading activity? If <b>YES</b> , please provide full details.
	We receive whole school funding that all other schools receive. We also let out of facilities to our local community. We are currently hosting SCL holiday club provision. We let our facilities out to local sports and fitness groups. The local community can hire our facilities on a one off basis.
6.	Please state size of membership and annual subscription levels of Organisation:
	We currently have 118 pupils on roll and we employ 21 staff

8.	If not included in the annual report enclosed, please provide details of your Organisation's activities over the past year, with particular reference to any special projects undertaken or planned.												
	<p>In reference to point 7, we have attached our School Development Plan for 2023, our recent OFSTED report and our most recent budget.</p> <p>Key activities for this year have been to focus on the development of SEND provision at the school, the development of a clear progression pathway within our curriculum and a focus on securing phase one of a significant staffing restructure to enable the school to address it's budgetary issues. We have reduced our PAN in response to birth rate predictions by the LA.</p>												
9.	For what specific project are you now seeking financial assistance from the Town Council?												
	<p>a) Please provide details</p> <p>In response to the place planning information, Farncombe Infant have reduced their PAN to 30. The impact of our decision is that children will no longer be taught in cross age year groups. We want to create a learning environment that is appropriate to specific learning. The change of space will require significant improvements to our outdoor learning area. We are also considering opening a nursery so we need flexibility to use the space effectively as our school grows again.</p> <p>b) Specify</p> <table border="0" data-bbox="394 803 1369 945"> <tr> <td>- Total Estimated Cost</td> <td>£</td> <td>79054.80</td> </tr> <tr> <td>- Amount already available</td> <td>£</td> <td>30,000</td> </tr> <tr> <td>- Amount expected to be available at commencement</td> <td>£</td> <td>30,000</td> </tr> <tr> <td>- Dates scheduled to commence and finish</td> <td></td> <td>November to December 2023</td> </tr> </table>	- Total Estimated Cost	£	79054.80	- Amount already available	£	30,000	- Amount expected to be available at commencement	£	30,000	- Dates scheduled to commence and finish		November to December 2023

12.	What benefits do you anticipate will be derived by the Godalming community from your project?												
	<p>There is a shortage of nursery places in Godalming and Farncombe. A nursery would serve the needs of our community.</p> <p>In addition, we are attempting to respond to the changing needs of our cohorts in the post covid environment. We are seeing an increase in those with SEND needs and those who are Pupil Premium. Many children are experiencing social and emotional challenges. An improved and flexible outdoor learning environment will support the needs of our learners more effectively. All of our facilities are currently available for the community to hire at the weekends, and in school holidays. Our improved outdoor learning facility could benefit the wider community outside school hours.</p>

12. What benefits do you anticipate will be derived by the Godalming community from your project?

Protecting the fabric of our building and reducing risk to life for the vulnerable people we support.

The Meath community is very special; it comprises our residents, supported living clients, Day Skills Centre clients, families, staff, volunteers and the general public. We have over 200 staff, over 100 volunteers in addition to the 80 people we support each and every day. In addition, we welcome up to 30 day clients to our fully accessible Day Skills Centre.

~~The Meath's beautiful site has a long and interesting history. It was home, in the 17th century to General James Oglethorpe, an army man with a great humanitarian vision, who sailed to America in 1732 and founded the state of Georgia as a place where the 'worthy poor' could 'remake their lives'.~~

The site was purchased in 1892 by a Victorian philanthropist, Mary, Countess of Meath, to be converted into a caring home for women and girls affected by epilepsy. Nowadays, The Meath no longer admits children, but offers modern housing and support services to both women and men aged 19 +.

The monitoring report shows a current variance of £68,946 underspend against the revised Budget. Items to note in the forecast:

### Head Office

- £0.7k Energy Costs overspend – monthly costs are running higher than budgeted. Anticipate an annual overspend of £2.5k.
- £6.8k Rates underspend – this is the first 'normal' rates invoice since COVID and the change of use from retail to office space. This is a permanent saving.
- £3.0k Surveyor Fees overspend – this is the cost for the proposed Crown Court toilet renovation plans.
- £1.5k Other Professional Fees overspend – this includes the new Health & Safety system costs (£2.1k) and the cost to amend our financial system to include the cemeteries (£0.5k).
- £4.3k Insurance overspend – insurance now incorporates Cemeteries and is offset by an underspend of £5k in insurance in the Cemeteries cost centre. Overall, savings were made in our insurance by combining the policies.
- £3.1k Website overspend – company that provides our Website support have changed their charging structure. £1.5k spent due to third party hacking website requiring weekend monitoring and updated applications to ensure situation resolved and unable to be repeated.
- £25.2k Grants overspend – this is a timing issue only with our four SLA Grants paid in April.

## **Civic Expenses**

- £0.8k Property Maintenance – cost to repair Mayor’s Consort’s badge.
- £0.9k Other Professional Fees – includes cost to update Board of Past Mayors and Town Clerks as well as cost of photographer for official Mayor’s photo.
- £0.7k Mayor’s Expenses – timing difference only. Costs are for Civic Service.

## **Town Promotion**

- £1.7k Income – Sponsorship and donation gained for Floral Godalming exceeded budget.
- £2.0k Grounds Maintenance underspend – this covers the costs of Floral Godalming which runs for several more months.
- £4.5k Other Professional Fees overspend – this includes the cost of the flags along the High Street and Meadow for the King’s Coronation. As agreed by P&M 23 March 2023 (Min No. 561-22 refers), this cost has been met by a transfer from the Emerging Projects reserve.
- £1.3k Publicity Advertising – this is for the Heritage Weekend and is a timing difference only.

## **Festivals & Markets**

- £0.9k Payroll underspend – staff who worked the Spring Festival elected to take TOIL rather than be paid.
- £1.7k Advertising – costs were incurred in March, prior to the Spring festival.

## **Coronation Concert**

- Budget approved P&M 24 November 2022 (Min No 393-22 refers).
- £9.8k transferred from the Emerging Projects reserve.

## **BWP Youth Centre**

- £101.2k received from UK Shared Prosperity Fund for 2023/24 to expand the youth service into Ockford Ridge and surrounding villages.
- £3.3k Salaries overspend – this is holiday programme delivery which is funded by a SCC grant.
- £2.5k Repair/Alteration of Buildings overspend – deposit for solar panels as part of Capital Works Programme (Min Nos 314-22 and 602-22 refer).
- £37.0k Equipment overspend – £27.1k is the purchase of the Youth Service van and £7.6k is the purchase of the minibus, both of which are to enable the provision of a mobile service (funded by UKSPF grant). £1k is the purchase of equipment for the holiday programme (funded by SCC grant).

## **Allotments**

- £1.5k Grounds Maintenance overspend – tree works on allotment sites.

## **Wilfrid Noyce Centre**

- £2.0k Energy Costs underspend – timing difference only. Will be absorbed when winter energy costs come through.
- £3.8k Rates underspend – unexpected Retail Hospitality & Leisure Scheme discount applied.
- £3.1k Equipment overspend - £4k spent to replace stage; old stage to be used solely for outdoor events (e.g. Staycation Live and Christmas Festival), thus preserving new stage.

## Godalming Museum

- £2.5k Property Maintenance overspend – includes installing fire doors, repairing the fire exit and replastering the ceiling in office.
- £1.3k Rent overspend – car park space for Curator instead of monthly allowance. Timing issue only as salary underspend will offset rent overspend.

## Land & Property Other

- £3.7k Equipment overspend – defibrillators for phone boxes in Spring Grove and Charterhouse.

## Cemeteries

- £2.7k Property Maintenance overspend – £2.2k spent on Nightingale Lodge for replacement guttering, bathroom maintenance and plastering.
- £3.6k Energy Costs overspend – this covers the electricity costs from September 2022.
- £4.6k Rates underspend – challenge to rateable value successful resulting in lower rates for Eashing Cemetery.
- £7.1k Grounds Maintenance underspend – timing issue only.
- £2.7k Legal Fees overspend – this is the cost of transferring Cemetery land assets from JBC to the Council.
- £5k Insurance underspend – insurance now combined in GTC main policy – see Head Office comments.

11. GTC DECARBONISATION PROGRAMME – REPLACEMENT OF DIESEL WORK VAN

In 2019, Members stated they wished the vans used by GTC maintenance team to be electric by the end of 2023. In looking at the options to support the maintenance team, the role, purpose, and capability of the vans need to be considered.

At present GTC operates one electric vehicle and one Euro 6 diesel van. The electric vehicle is a 2020 plate Volkswagen ABT eTransporter LWB 83KW, 37.7KWh Van Auto, which was transferred to GTC as part of the dissolution of the former JBC. This was bought in October 2021 as an ex-demonstrator at a cost of £27,200 on the road, additional costs of approximately £4,000 were incurred in adapting the vehicle for towing and municipal works. This van has a battery range of approx. 60 miles real world, which is sufficient for most day-to-day needs as a municipal vehicle operating in the parish of Godalming. However, although a limited range, at the time of purchase it had the highest towing capacity of 1,500kg of any other electric van in its class and still retains the second highest towing capacity of any electric vehicle within the 3,500kg weight limit for driving on a standard licence, with only the new e-Ford having, at 2,000kg, a greater towing capacity (there are two other electric panel vans with a 1,500kg towing capacity).

The other GTC vehicle is diesel powered Peugeot Partner L2, which has a load capacity of 920kg and towing capacity of 1,500kg.

**Requirement**

Towing capacity of at least 1,500kg is an important requirement for the grounds team as the ability to tow a trailer or water bowser is imperative for the grounds team operation. It would be possible to achieve this solely using the existing eTransporter. Although not essential, a similar towing capability for a second vehicle would provide flexibility and a redundancy factor if the primary towing vehicle is either inoperative or undergoing maintenance/MOT etc.

One option to reduce localised emissions of GTC vehicles would be the procurement of a second eTransporter, this would provide a workable load capacity and the required towing capacity. However, as with the existing electric vehicle the same range anxiety would exist for any journey outside of the normal operating area. Whilst such journeys do not arise on a regular basis, they do happen. However, it is rare that a journey would be more than 100-mile round trip. It is of course possible, especially as the charging network is improving, to plan for longer journeys. If a vehicle is needed for a particularly long journey, it would be possible to hire an appropriate vehicle on a needs basis.

For an electric vehicle with the same towing capacity but with a greater range, there are limited and fairly expensive options available (or likely to be available in 2023). Two are in the small van sector; the new Renault Kangoo Van E-TECH, and the soon to be launched Mercedes-Benz eCitan. The other options are the larger Ford e-Transit with a tow capacity of 2000kgs and the Maxus eDeliver 9 and the Maxus eDeliver7 (which is due out later in 2023) both with a 1,500kg tow capacity. However, whilst desirable the 1,500kg minimum towing capacity for a second vehicle should be seen as a nice to have as opposed to an essential requirement.

The load space cubic capacity of the Kangoo and eCitan is significantly less than the eTransporter and marginally smaller than the existing diesel Peugeot and are not deemed sufficiently versatile.

Ideally, the grounds team would like a vehicle that not only has the load and towing capacity, but which also has a caged tipper body. The ability to operate a caged tipper vehicle would negate the need for double handling of waste that is involved when using the existing panel van and trailer combo. The challenge for a tipper variant is procuring

such a vehicle that can be driven on a standard Class B licence without a requirement for additional training or different licence category.

## Options

1. Panel Van with minimum 1,500kg towing capacity. This type of vehicle could manage the watering and trailer operations, but would still entail double handling of waste.
2. Tipper with minimum 1,500kg towing capacity. This type of vehicle would be the ideal solution that would provide flexibility for grounds and maintenance operations including reducing double handling of waste.
3. Tipper with limited towing capacity. This type of vehicle would reduce the amount of time spent double handling waste, however, a lower towing capacity would mean, that as is the case now, the eTransporter would be the main vehicle for towing the Floral Godalming water bowser.

## Costs

Option 1 could be considered in several ways:

- a. Purchase of a second-hand low mileage eTransporter at a cost of somewhere between £20,000-£25,000. Accepting two vehicles of the same type would reduce operational flexibility, would not reduce the requirement for double handling waste and have the same range limitations.
- b. Purchase of a 2022 plate Maxus eDelivery 9 in the region of £35,000-£38,000 or the Ford e-Transit at approx. £30,000-£35,000. This option would remove range anxiety but still retain the need for double handling and lack of flexibility of tasking.

Option 2 has a limited choice, with the tipper variant of the Maxus eDelivery 9 or the Ford e-transit being the only viable options, costs would be expected to be about £60,000.

Option 3 would reduce range anxiety whilst also providing a variation of vehicle types (from two panel vans to a panel van and a tipper), additionally it would remove the amount of double handling of materials. The compromise in this option would be the lack of additional towing capacity, although this could be overcome by utilising the tractor if required (see discussion). The cost of a Maxus eDelivery 3 with a 95-mile range would be approx. £32,000 on the road or LDV80 with a range of 119 at approx. £25,000.

## Discussion

In an ideal situation, GTC would be able to provide the grounds and maintenance team with the most efficient solution to enable them to operate as effectively as possible. In the case of vehicle requirements this would be the provision of an electric tipper with the highest range and towing capacity. Such a vehicle would help reduce the double handling of green waste whilst providing capacity to carry out a wide range of other tasks. However, this does come at a significant cost and therefore a cost benefit must be considered alongside the Council's commitment for reducing CO<sup>2</sup> emissions, hence the cheaper option of a second-hand Euro 6 or biofuel tipper vehicles has been dismissed.

In considering the current range of works undertaken by the grounds and maintenance team, the eTransporter is the main towing vehicle for the water bowser as well as the road trailer, which is used for a range of tasks including transporting green waste.

The existing trailer capacity does mean that it is necessary sometimes to make several journeys to clear a site, especially during periods of hedge cutting and this is likely to be

the same even with tipper vehicle. However, the difference between using a road trailer and a tipper vehicle is that with a road trailer the waste requires offloading by hand. This is both time consuming and adds unnecessary physical effort and manual handling risks on staff. Whilst tipping trailers do exist, those of any real use exceed the towing capacity of the available electric vehicles.

The better compromise would be to acquire an electric tipper vehicle that would provide an improved range from the existing eTransporter and reduce the amount of double handling currently experienced by staff, this will become more important as the scope of work undertaken by the grounds team expands.

Although an affordable electric tipper may not have the desired towing capacity, if additional towing capacity is required, for example if the eTransporter is in for maintenance, then the towing requirement could be undertaken by utilising the existing tractor, which has a towing capacity of 4.5 tonnes.

In deciding upon purchase arrangements, Members need to determine whether they wish to purchase a vehicle, which would become a GTC asset, or lease a vehicle. It is suggested that the low milage of GTC vehicles and the type of work they undertake would give any purchased vehicle a working life with the Council of about 10 years, therefore, it is recommended that the purchase of a vehicle would be the better option, with an annual provision of 12% of the purchase price being made for future replacement.

If this option were to be chosen, it is suggested that the costs are met from the Land and Property Other reserve.

As is the practice for local authorities, the existing diesel vehicle to be sold at auction with no guarantees implied or given and would be expected to achieve approx. £3,000.

### **Future Proofing and Provision**

If at any point in the future, GTC had a requirement to maintain areas that required use of equipment such as ride-on mowers or similar, the weight of such equipment might exceed the towing capacity of the eTransporter. If such a situation were to occur then a suitable trailer, could be towed by the tractor. With the working speed of the tractor being approx 18mph, this would be a slower process than towing using a van, but as *20s Plenty*, this is not seen as a barrier to looking after other land areas within the parish. If the grounds team expands, in most envisaged scenarios, the transport requirement would increase by 1 vehicle. As the towing capacity and waste management functions would be met by the existing vehicles, it is anticipated that any future vehicle requirements would be modest and limited to a smaller size van, with suitable models being currently available in the region of £10,000.

### **Recommendation**

**Members to resolve to authorise the purchase of an electric tipper at a cost up to £32,000 and the disposal of the Peugeot Partner before 31 December 2023.**

**Town Council Representation on External Bodies – Report on the St Mark's Community  
Centre Management Committee**

St Mark's Church and Community Centre is situated in Franklyn Road, in the Ockford Ridge and Aaron's Hill area of Godalming. It serves and connects the local community in a number of ways. Alongside providing regular worship to serve spiritual life across Godalming, it is also a Warm Hub, to enable people to drop-in, get warm, have a hot drink and be in the company of other people in these challenging times. It is home to St Mark's Foodbank, with regular requests for items on its website available here:- [St Mark's Food Bank | St Peter and St Paul's Church Godalming with St Mark's \(parishofgodalming.org.uk\)](#). Church led toddler and baby group Smart Tots also takes place at the Centre, which is available for bookings to external organisations and individuals via [stmarkscentre@gmail.com](mailto:stmarkscentre@gmail.com)

Since the local elections and my appointment as the Godalming Town Council representative, the Management Committee has met once in June and discussed a number of issues impacting the services and facilities it provides. Improvements to the garden and lighting, the car park lease and the impact of vandalism were all considered, with some internal decoration works planned over August. Reverend Sheila Samuels asked me to introduce myself at the meeting and I used this opportunity to set out my background and interests, explaining that I have accompanied my son to many children's birthday parties at the centre! I asked the committee whether bookings had returned to normal following the pandemic and explained some of the work my wife, Cllr Victoria Kiehl (Godalming Central and Ockford ward, Waverley Borough Council), had done to eradicate offensive graffiti in the nearby Ockford Ridge play area. The next meeting is scheduled for 11 September.

It is worth noting, following the decision in October 2022 to unite the parishes of St Peter and St Paul with St Mark's, Busbridge and Hambledon to form Godalming Minster, there is much ongoing work to consolidate this. Building more effective relationships with the Town Council is a stated goal in establishing Godalming Minister. I look forward to monitoring and maintaining the relationship between St Mark's and the Town Council as this exciting development for the whole of Godalming continues to evolve.
