7. NEIGHBOURHOOD CIL FUNDING APPLICATION FROM FARNCOMBE CRICKET CLUB – ITEM FOR DECISION

Recommendation: The Environment & Planning Committee is requested to consider the Neighbourhood CIL application for the Farncombe Cricket Club Improvement Project and, if approved, is asked to resolve to recommend the application to Full Council for the awarding of £35,000 Neighbourhood CIL funding in support of the Farncombe Cricket Club Improvement Project

Farncombe Cricket Club (FCC) is home to one of the largest, if not the largest, cricket club in Godalming. The Club is a grass roots club based within the community, providing recreational activities for approximately 300 playing and social members, including 130 boys and 60 girls aged between 5 and 18 years.

FCC has seen significant growth over the last few years, which has mainly come about via the Juniors' engagement with local state schools. FCC is active in Godalming Junior School, Busbridge Junior School and Loseley Fields where it provides curriculum cricket lessons to every child in year 3 and above. In addition, Broadwater School has coaching time given to the school in the form of an after-school club provided in the spring term.

The Club Improvement Project will enable an internal refurbishment and enlargement of the existing changing facilities that will provide umpire changing facilities and improved changing facilities suitable for the female teams, as well as much needed storage space for the growing junior sections' training and playing equipment.

These refurbishments would support the club's ambition of becoming more sustainable in terms of energy use, as well as increasing the pavilion's appeal as a hired-out venue.

The club has secured planning consent along with estimates for the required work. The aim is to start work at the end of the 2024 season to be ready for the start of the 2025 season. The cost of the works is estimated at £85,000 of which £45,000 is sought through grant support including this application with the balance to be self-funded by FCC (including via an ECB loan repayable at £6,000pa over 5 years).

The Neighbourhood CIL application has been validated and is attached, along with the proposed plans, and last set of signed off FCC accounts.

8. PLANNING APPLICATIONS - CONSULTATION

Members to consider the following applications:

WA/2023/027276 - Croft Road

LAND CENTRED COORDINATES 496978 143736 CROFT ROAD GODALMING

Change of use from ancillary building to provide an independent dwelling with alterations to elevations.

WA/2023/02664 – 61-65 ST JOHNS STREET FARNCOMBE GODALMING GU7 3EH

[The Co-op] Erection of a detached laundry kiosk.

WA/2023/02694 - LAND AT CATTESHALL MILL (SITE 1 THE MILL) CATTESHALL ROAD GODALMING. Erection of a building comprising 9 residential units together with car parking and associated works. [next to Mill Medical practice].

WA/2023/02717 - LAMMASBANK 26 CHALK ROAD GODALMING GU7 3AP

Construction of patio and retaining walls (retrospective).

The full schedule of planning applications issued since the last meeting is attached for the information of Members.

9. CROWN COURT TOILETS - ITEM FOR DECISION

Recommendation: Members to resolve to approve the design plans for the Renovation of Crown Court Public Toilets.

Members are requested to approve the design plans for Crown Court Public Toilets (attached for the information of Members), which are based on the concept design previously agreed by Members and on which funding from the Department of Levelling Up, Housing and Communities (DLUHC) was approved - If approved, a full planning application will be submitted.

Members will wish to note that the funding approval from the DLUHC Community Ownership Fund was provisionally approved on the 22 September 2023, with a requirement that the funded project is completed by 22 September 2024. Members received the funding agreement from the DLUHC on 14 December, which was signed and returned 15 December 2023. GTC awaits confirmation that the DLUHC have countersigned and that funding is available to be drawn down as per the agreement.

The final funding agreement has so far taken over 3 months to be signed off. This means that GTC is conducting design work at risk using CIL funds agreed as match funding for the grant. If Members approve the design for submission to the planning authority, it is suggested that to mitigate for any further delays that GTC continues to move forward with the project by confirming the tender specification and seeking tenders in parallel with the planning process.

10. COMMUNICATIONS ARISING FROM THIS MEETING

Members to identify which matters (if any), discussed at this meeting, are to be publicised.

11. DATE OF NEXT MEETING

The next meeting of the Environment & Planning Committee is scheduled to take place in the Council Chamber on Thursday, 1 February 2024 at 6.30pm.

12. ANNOUNCEMENTS

Brought forward by permission of the Chair. Requests to be submitted prior to commencement of the meeting.

CIL FUNDING APPLICATION FORM

INTRODUCTION

Godalming Town Council receives 25% of money received through the Community Infrastructure Levy, collected by Waverley Borough Council (WBC) from development in Godalming. Any CIL monies due are confirmed by WBC at the end of 6 monthly periods ending in March and September and paid to Godalming Town Council shortly thereafter. The funds are available to spend on local projects in Godalming. As set out in the CIL Regulations, this local proportion of CIL should be used for:

- The provision, improvement, replacement, operation or maintenance of infrastructure; or
- Anything else that is concerned with addressing the demands that development places on an area

The definition of infrastructure is broad and includes amongst other items:

- Roads and other transport infrastructure
- Schools and other educational facilities
- Medical facilities
- Open spaces
- Sporting and recreational facilities
- Flood defences

Please read the Godalming Town Council CIL funding application form guidance notes before completing this form. To discuss a potential project, or for further guidance, please contact the Town Clerk at townclerk@godalming-tc.gov.uk.

Please note that if an external organisation has been granted CIL funds for a project it may not apply for further CIL funding, regardless of the project, until twelve months have elapsed since the previous award was granted.

CIL applications will be validated by Council Officers prior to consideration by the Environment & Planning Committee, applications accepted by the Environment & Planning Committee will be forwarded to the Full Council for further consideration and prioritising against available and anticipated funds.

Completed application forms and supporting information should be returned to: office@godalming-tc.gov.uk

Please note that to prevent duplication of effort, if an organisation is also applying for Strategic CIL from Waverley Borough Council for the same project as they wish to request Neighbourhood CIL, then Godalming Town Council will accept an initial application for Neighbourhood CIL funds using the Waverley Borough Council CIL application form.

8. Estimated project cost	<p>£85,000 This has been derived from Budgetary quotations from Local Builders and Suppliers, some of which are club members</p>

11. Why is CIL funding being sought? Please provide details of sources of funding already considered or applications made for funding	<p>We are seeking CIL funding as it is a fund specifically for projects such as this.</p> <p>As in 10 above we are seeking funding from the England & Wales Cricket Board (Surrey Cricket Foundation) , our governing body, and our own club funds that we have accrued over the recent years and legacy windfalls.</p> <p>We have investigated Sport England Funding, but we would not meet some of the criteria around size of project multi sports use, we are essentially a cricket club only.</p>	
12. Please indicate whether the organisation has previously received CIL or other funding sources from either Godalming Town Council and/or Waverley Borough Council. If yes, provide amounts and timings	<p>We have successfully received two small project donations of £250 each time for a new Barbecue and Funding to support Umpires, Coaches and Scorers for secondary school cricket matches run by the club.</p>	

<p>13. How does the project help address the demands of development in the area. What evidence is there to support this?</p>	<p>Farncombe Cricket Club is home to one of the largest, if not the largest, cricket club in Godalming. The Club is a grass roots club based within the community, providing recreational activities based for approximately 300 playing and social members including 130 boys and 60 girls aged between 5 and 18.</p> <p>Our club is growing very quickly predominantly from growth of our ladies' section – two teams, our men's teams 3 Saturday teams and our little jewel in the crown – the juniors.</p> <p>This growth has significantly come from the Juniors engagement with local state school's where the club is active in Godalming Junior School, Busbridge Juniors and Loseley Fields where the club provides curriculum cricket lessons to every child in year 3 and above. This is partly funded through the ECB's chance to shine programme, but also volunteer hours from the club. In addition, Broadwater School has coaching time given to the school in the form of after school club provided in the spring term.</p> <p>The Waverley Local Plan Pt 1 8.2 states that sustainable development aims to support strong, vibrant and healthy communities with accessible local services that reflect the community's needs and support its well-being. To achieve this, the right community facilities and other local services must be planned to enhance the sustainability of communities and meet local needs.</p> <p>The need for high quality sports and recreational facilities that meet the needs of the community has been identified in the Waverley Local Plan, Waverley Infrastructure Development Plan (IDP), the Godalming & Farncombe Neighbourhood Plan and the 2018 Waverley Play Pitch Strategy. The Waverley Local Plan states that "The provision of improved recreational facilities supports the drive for healthier lifestyles and benefits the quality of life for many people". The Waverley local plan identifies that the delivery of improved recreational facilities is through infrastructure projects associated with the adoption of the Community Infrastructure Levy and working with partners to identify issues and co-ordinate the delivery of infrastructure.</p>
--	---

<p>14. What evidence is there of support from the community</p>	<p>As part of the planning process, we have received a number of supporting comments. We have attached a number of these documents demonstrating the support from local residents, members and neighbours, including the Greenspaces Manager for Waverley, Matt Lank.</p>
<p>15. Proposed timescales for the project</p>	<p>By March / April 2024 to have</p> <ul style="list-style-type: none"> a) Planning Permission Approved b) Lease approved. c) Finance Plan applications approved. d) Tenders from min 3 Builders complete <p>From Oct 2024 (After 2024 Cricket Season)</p> <ul style="list-style-type: none"> a) Commence building Project. b) Complete external and Internal by end of December 2024
<p>16. Is there a related revenue spend (i.e. day-to-day running costs) associated with the project? How will this be addressed?</p>	<p>This extension project would not require any additional ongoing budget over and above our current operational budget. We have attached our accounts for 2022 and our current cashflow projection.</p> <p>There is still the outstanding question with WBC around the extension of the lease. Our hope is that this can be extended to the maximum period possible.</p>
<p>17. If the organisation is not in the public sector please provide details of the organisation's finances Please include a copy of the most recently audited accounts, including details of unrestricted reserves</p>	<p>Attached 2022 Accounts and current cashflow, our reserves are essentially the balance projected at the end of the current year on the cashflow chart. We believe that £15-£20K of our funds can be assigned to this project.</p>
<p>18. Do you need planning permission to carry out the works?</p>	<p>Yes</p>
<p>19. If planning permission is required is it in place to carry out the works?</p> <p>If so, please provide the application number</p>	<p>WA/2023/02049 – This application is Granted, we have attached a copy of the Planning Decision.</p>
